HAPPY ST. PATRICK'S DAY

What a Difference a Year Makes

Another year has come, resolutions have been made for the days ahead and the library invites you to come back and enjoy everything we have to offer.

New books, videos, books on CD and even (with restrictions) laptops at Rochester that are available for check out here.

We are striving to make the library a place where you can bring your family finding items to take home and enjoy.

We have Story times and Craft days where children can enjoy listening to a good book, make and take a work of art home and just play while parents sit nearby and read a good magazine or book.

The Library Board Meetings are the second Monday of the month at 4PM in the Director's Office. The

What's happening at your Library?

First of all, we want to thank all of our patrons for being so patient as we went about painting the ceiling in the Adult section, fixing the automatic doors off Pontiac street and re-wiring the new heating and cooling system that is almost finished. Coming in February, we will be putting new lights in the Grand Hallway. It will be much brighter in the hallway and it will be more cost efficient for the library. The library has been saving and saving in order to make our library better without hurting the taxpayer's pocket. In that light, we are going to add much needed meeting rooms in Leiters Ford and in Fulton. The branches have needed these rooms for a long time and we finally have accumulated enough money to finish these facilities.

These rooms will be similar to the meeting rooms at the Rochester library in that they will be large and many people can fit into the room for our Summer Reading Program activities and other programs that need space.

We do need to get approval from the Department of Local Government Finance, and that will take a little while, but we will be able to get the process moving along at this time.

Check us out! You'll be Amazed!
