

Coming in September to the Fulton County Public Library, Rochester and its branches in Leiters Ford and Fulton.

The circulation rules for the consortium are set by the Overdrive committee so following the requirements (set by the consortium and the agreement that we signed) we can allow 3 check outs for 1 or 2 weeks (your choice) and you can place 3 holds and they are held for 3 days when they become available. You can look at their website by typing in "eIndiana" in your search engine. This site will allow you to get a feel for what we will be providing from our library. We will be getting a link placed on our web site. The Patron Website is a complete digital book center providing browsing, searching, promotional and checkout services for patrons to explore and download digital media to their own PC or mobile devices. Check it out from your local library!
