#### NAMES AND NUMBERS FOR SELECTIVE SERVICE

Listed herewith are the names and service numbers of the 1570 Rochester and Fulton County men now between the ages of 21 and 35 who registered under the Selective Service Act on October 16th in the eighteen precincts of the county. Men included in the list are under the jurisdiction of the Fulton county draft board - which is officially known as the selective service board - which has its headquarters over the Crownover jewelry store. Members of the board so far are Carl Russell of Kewanna and Attorney Daniel S. Perry of this city. A few additional names will appear as soon as they are released by the draft board. Some of the registrations are being sent here from other states where local young men happened to be sojourning on the day of registration. Full names of registrants are published herewith, which should make the possibility of duplications very slight. If there are questions on any of the names and numbers, the local board will be glad to answer them, it was announced. It is suggested that readers clip out this list and succeeding lists for reference at the time the giant Selective Service lottery is held in Washington October 29th. At that time, numbers drawn in the lottery will determine the order that registrants will be called before local boards all over the nation. The first name drawn here was that of Rev. Glenn C. McGee, pastor of the First Presbyterian church of Rochester, who because of his vocation as a minister, is exempt from military service at the present time. Next was Donald Franklin Kumler and Leonard E. Cessna, both of Rochester, who were numbers 2 and 3 respectively.

## Selective Service World War II

### “158” FIRST NUMBER IN U.S. DRAFT LOTTERY LOCKRIDGE NO. 158

The first three persons drafted in Fulton County are No. 158, Charles Darwin Lockridge, photographer of Rochester, No. 192, Harold Emerson Brashear, 203 Fulton Avenue, Rochester, a cutter at the Elin Manufacturing Company and No. 105, Henry Naaman Hartman, Akron, Ind., an employee of the American Fork & Hoe Company. The first number drawn in the World War was 258 or 100 more than the first number drawn in the present draft. The first number drawn in Fulton county in World War was George E. Warfield of Kewanna and he went to the war. The Star City American Legion Post is named in his honor. It is doubtful if Lockridge, Brashear or Hartman will have to undergo military training as they are all married men with families.

### FULTON COUNTY'S QUOTA IS 2 FOR 1ST DRAFT CALL

Indianapolis, Nov. 4. (INS) - The State Selective Service Board today apportioned Indiana's first draft quota of 395 men among the 152 local draft boards in the state. Local board quotas ranged from 1 to 5.

Men called up in the first draft will be inducted into the army at Fort Benjamin Harrison here between Nov. 19th and 25th.

It was indicated that many boards have enough volunteers to take care of the first call.

Major Lytle J. Freehafer, in charge of mobilization, said quotas for local boards are being figured on the basis of total registration in each area October 26th, until it is possible to establish definite credit for men already in various branches of the armed services.

Local board quotas include:

Fulton county 2.

Marshall county 2.

### FIRST LIST OF DRAFTEES IS MADE PUBLIC BY BOARD

Following is a list of the first fifty persons who will be called locally for examination for the army in the selective service draft in Fulton county according to a release which was made today by the county draft board.

The top three registrants' names are names of those who volunteered for the army, therefore their serial numbers were not the first ones called, but were placed at the top of the list because they volunteered and therefore will be considered first providing they can fill all the qualifications.

The first quota from Fulton county is said to be two. These youths are expected to leave Rochester about November 15. Many on the following list will be exempt from military service for various reasons. The list follows:

1126	601	Charles Clifford Coffman	Akron, Ind.

### FIRST QUESTIONNAIRES ARE MAILED TO LOCAL CONSCRIPTS

Questionnaires were sent out to the first group of young men registered in Fulton county yesterday by the local draft board. Fifty questionnaires were mailed. Three were sent to young men volunteering for the year's military training and 47 to those whose numbers were drawn first in the Washington draft lottery. There have order Nos. 1 to 47.

Additional questionnaires will be mailed out in groups of about 50 until all those listed in the draft in Fulton county will have received them. The first quota for Fulton county is two and these men are to leave Rochester November 19 and will go into training at Ft. Benjamin Harrison near Indianapolis.

## Selective Service World War II

The draft board today issued the following notice relative to questionnaires.

The Selective Service regulations provide:

Mailing a questionnaire (form 40) by the local board to the registrant is notice that the process of "classification and selection" with regard to that registrant has begun. Each day this local board will post at its office a notice of the order numbers of the registrants to whom questionnaires have been mailed that day.

This local board keeps in its office a classification record (form 100). On this classification record will be entered the date each action is taken by this board or the board of appeal concerning each registrant. The entry of this date in the classification record is notice of the action taken. Other notice will be mailed to each registrant at his address last known by the local board, and to any other person who files a claim for him.

Either the mailing of a notice or the entry in the classification record of the date the notice was mailed shall constitute notice to the registrant and to all concerned. This is true whether or not the mailed notice is actually received by the person to whom it is addressed.

Any person required by law to register, or any registrant, who fails to perform a duty required by the Selective Training and Service Act of 1940, within the time provided by the law (generally 5 days), has violated the law. A person violating the law is subject to trial in the United States District Court, which may impose a fine or imprisonment or both.

The date when action was taken by the local board will be written in the classification record in each of the following instances:

Whenever a duty is to be performed by a registrant.

Whenever a period of time begins to run within which a registrant is to perform a duty.

Whenever a period of time begins to run within which a registrant may claim a privilege.

All registrants and other persons covered should examine from time to time the notices posted by the local board and the classification record.

The classification record is open to inspection by the public during the board's business hours.

Following is an additional list of Fulton county conscripts who will be called locally for examination in the selective service draft in this county according to a release made by the local draft board today:

### MARRIAGE NOT SURE WAY TO KEEP OUT OF DRAFT; DEPENDENCY IS BASIS

The fact that a man is married especially if the marriage has been a recent one, is no reason for assurance that he will not be subject to call in the draft. The Fulton county selective service board and all other similar boards have received instructions concerning men of draft age, and have made known the classification requirements.

Marriage is not considered sufficient ground for deferred classification and married registrants to be deferred must show that they have someone dependent upon them for support, and deferment of any registrant is subject to termination whenever the basis for each deferment ceases to exist.

Every registrant must notify his local board of any change, which would require his reclassification, therefore a man who is married subsequent to October 16, 1940, which was registration day, is entitled to the same consideration for deferment because of a dependent wife, as a registrant who was married before registration, but the local board must be satisfied that the

## Selective Service World War II

registrant's wife is dependent upon him for support and not only in a partial manner or temporarily.

The regulations plainly state that local boards shall be diligent in preventing registrants from evading military service when their status with respect to dependents does not warrant their deferment, and while sympathetic regard for the registrant and his dependents should be exercised, overzealousness upon the part of the registrant or his dependents should be given due consideration at the time of classification or reclassification.

### RULES LISTED ON ARMY CONSCIENTIOUS OBJECTOR

Word has been received here from the state selective service headquarters regarding the part that conscientious objectors to both combatant and non-combatant training will play in national defense.

Lt. Col. Hitchcock, who is in charge of state headquarters, issued a statement regarding the induction of these men into service.

Registrants who objected to both types of training, have been placed in class 4-F. The men in this class, Lt. Col. Hitchcock stated, will be assigned to work of national importance under civilian direction.

Although no program has as yet been set up for this type of objectors, national headquarters had announced that preliminary planning is being carried on and that civilian work for the class 4-F objectors will soon be available.

Several men have been placed in this classification in Adams county, Ralph E. Roop, chairman of the draft board, stated. A complete list of these men, who will probably await the special call, is expected to be compiled early next week.

### SIXTH QUESTIONNAIRE LIST PLACED IN MAIL

The Fulton County Selective Service Board today placed in the mails fifty additional questionnaires for Fulton county draft registrants. This is the sixth list of fifty which has been mailed from the local draft board office at 727 1/2 Main street.

The draftees have been given notice at which time they shall report at the board headquarters for examination. The second draft quota, 18 young men, will leave Rochester on January 25 for Ft. Benjamin Harrison, near Indianapolis, where they will be inducted into the service. Five more will be sent from Fulton county to the same army post in February.

As housing quarters are provided by army authorities induction of draftees into the United States Army will proceed at a much more rapid rate. The last six names in the following list are those of Fulton county young men who were registered for the draft but who have volunteered to join the army sooner than their numbers might have been called. The list follows:

### FIFTY QUESTIONNAIRES ARE PLACED IN MAILS

#### [SEVENTH LIST]

The Fulton County Selective Service Board today placed in the mails fifty more questionnaires to be filled out by Fulton county men who have registered under the draft law.

This is the seventh such list mailed by the local draft board. The fifty will be given their examination at times designated by the board.

So far Fulton county has had accepted for a year's training in the army seventeen men. Two of these left in December and fifteen January 25.

#### Eighteen Men Sent

On January 25 eighteen men were sent but three of these failed to pass the physical examination and other men will have to be sent in their places. Five men are to be sent in the February quota.

Following are the names of the fifty Fulton county men of draft age who received their questionnaires from the local board today:

### EIGHTH QUESTIONNAIRE LIST MAILED WEDNESDAY

The Fulton County Selective service Board with headquarters at 727 1/2 Main street today placed in the mails their eighth list of questionnaires.

Fifty questionnaires were mailed to Fulton county young men who have registered under the draft law. They will be examined at the board headquarters in the near future.

The War Department is making rapid strides in providing cantonments for the training of draftees so it is presumed that the rate at which each man will be sent to army camps will be quickened in the near future.

### DRAFTEES MUST NOTIFY BOARD AS TO ADDRESS

Registrants under the draft act who change their addresses are required by law to notify their local boards promptly, Carl Russell, chairman of local board, warned today. Those who fail to do so become liable to severe penalties, Chairman Russell pointed out.

He said he has been advised by national headquarters, selective service system, Washington, D.C., that investigations by the department of justice of many delinquencies reported by local boards revealed that carelessness on the part of registrants, rather than willful intent on their part, was often responsible for these violations of the law. He cited the following provisions of the selective service regulations:

“It shall be the duty of each registrant to keep his local board advised at all times of the address where mail will reach him. The mailing of any order, notice, or blank form by the local board to a registrant at the address last reported by him to the local board shall constitute notice to him of the contents of the communication, whether he actually receives it or not,” (paragraph 159).

“If a registrant or a person required to present himself for and submit to registration fails to perform any duty prescribed by the selective service law, or directions given pursuant thereto, within the required time, he shall be liable to fine and imprisonment under Section 11 of the Selective Training and Service Act of 1940.” (paragraph 150).

“In many of the cases of reported delinquencies,” the chairman said, “the registrants have merely been careless in failing to comply with the requirement that they keep their local boards advised at all times where mail will reach them.”

Therefore, he urged all registrants of the local board who have changed their address, or who hereafter change their addresses, immediately to notify their local board of such changes so that the registrants may not be unnecessarily penalized for failing to perform duties required by the Selective Training and Service Act and the Regulations.

### DRAFT BOARD EXPLAINS REGISTRANTS' NUMBERS

There are probably hundreds of young men in Fulton County who do not yet know their current Selective Service order number, it was learned at the office of Fulton County local board today.

Miss Marjory Braman, clerk of the board, reported that registrants are still coming to the Local Board, who do not understand how order numbers were assigned, and believe that their new number is much higher than it actually is.

The confusion resulted from the fact that many more numbers were drawn in the National Lottery last October 29 than there were registrants in the Local Board.

Over 9000 numbers were drawn out of the famous gold fish bowl, but there are only 1648 men registered at the Board. All numbers between 1648 and 9000 were simply not considered in assigning local order numbers.

The first two numbers drawn - 18 and 192 - were given order numbers one and two. However the third number drawn was 8239. No one had this high a number at the local board, so this number was simply crossed off the list. The fourth and fifth numbers drawn - 6620 and 6585 - met the same fate.

It was not until the 105 number was reached that the Local Board was able to assign order number three. As a matter of fact, out of the first 40 numbers picked in the National Lottery, only 4 could be used.

## Selective Service World War II

It sounds a little complicated on paper, but members of the Local Board say it's very simple when registrants once understand the way order numbers were assigned. They add that if anybody has any doubt about his own order number, he can easily find out by stopping in at the Local Board office. The office is located at 727 1/2 Main street.

### 50 MORE QUESTIONNAIRES PLACED IN MAIL MONDAY [THIRTEENTH LIST]

The Fulton County Selective Service Board yesterday placed in the mails their eleventh [sic] list of fifty questionnaires. These questionnaires must be filled in and returned to the local board office on or before March 21.

The local draft board has received a call for 43 men on April 15. These men are to be sent to Ft. Wayne for induction into the army at the Indiana National Guard Armory in that city.

The board has 33 men who are available under classification "I-A" and ten more men must be gotten ready for the April quota. Following are the names of the fifty Fulton county young men to whom questionnaires have been mailed:

### DRAFT BOARD PLACES MORE QUESTIONNAIRES IN MAIL [FOURTEENTH LIST]

Another fifty-name questionnaire list was placed in the mails yesterday by the Fulton County Selective Service Board so that the board will have enough class "I-A" men in readiness for the April quota of 43 and for any emergency calls that might come in the meantime.

The local board has been notified by R. Hitchcock, state selective service director, that the May call for men probably would be small because that for April is more than ordinary. The local board has been advised to keep a reserve of 20 per cent of their annual quota of Class I-A men to fill calls.

#### Ready For Delivery

The communication says that it is expected that the May call will be small and the June call larger to take up the quota for the year. It is suggested that the board continue to examine men until the remainder of their assigned quota to July 1 is ready and available for delivery at any time plus a replacement reserve equal to their average rejection percentage. To date the rejection percentage from Fulton county has been about three per cent.

The Fulton county selective service board has been advised that no calls have been issued for class I-B men (for limited service) and that no such call is expected as long as the supply of class I-A men is sufficient.

#### 800,000 Men Training

The notice also says that the selective law provided a maximum of 900,000 men to be in training at one time for military service, and that the funds provided for such training made it possible to have only 800,000 men in training at one time, indicating that the class I-B calls were far in the future if any such men are called at all.

Following are the names of the 50 Fulton county young men who were sent questionnaires which must be filled out and returned to the board on or before March 27.

### HALF WAY MARK REACHD IN COUNTY REGISTRANTS [FIFTEENTH AND SIXTEENTH LISTS]

The half-way mark in the number of Fulton county selectees called to be examined as to their fitness for the army was reached yesterday when the Fulton County Selective Service board placed an additional 100 questionnaires in the mails.

There were 1648 young men registered in Fulton county for the draft, and the questionnaires mailed yesterday take up to registrant number 820.

## Selective Service World War II

The board is preparing a reserve list for future calls from the War department for registrants for a year's training in the army.

The April quota is 43 and so far the board has not received the number who will be called in May. The June quota is expected to be larger than that of April.

Following are the names of the selectees who were mailed questionnaires yesterday and who must make their returns to the draft board by March 31:

### YOUTHS REACHING AGE 21 NOT LIABLE FOR DRAFT

Men who have reached age twenty-one since original selective service registration date, October 16, are not required to register for selective service training until or unless another registration day is proclaimed by the President, according to word received by Fulton county local selective service board.

Officials said, however, that this does not prevent such persons from volunteering. A registrant who has passed age thirty-six since October 16 remains liable for selective service training.

### MORE QUESTIONNAIRES ARE MAILED BY BOARD [SEVENTEENTH AND EIGHTEENTH LISTS]

The Fulton County Selective Service Board from their headquarters at 727 1/2 Main street yesterday mailed out another 100 questionnaires to young men whose registrations are on file with the board. These questionnaires must be filled out and returned to the board by April 14th.

The April quota of draftees from Fulton county is 43 and they will leave here on special buses April 15 for Fort Wayne to be inducted into the army. The examinations are to be held in the Indiana National Guard Armory at Fort Wayne and those who are accepted will be sent to Ft. Hayes, Columbus, Ohio.

The contingent which leaves here Tuesday morning is the largest unit ever to leave Fulton county for the army even in the World War. The May army quota from this county is expected to be small but that for June may far exceed the one for April.

Following are the names of the 100 young men to whom questionnaires were sent yesterday by the local draft board:

### 100 MORE QUESTIONNAIRES MAILED BY BOARD FRIDAY [NINTHEENTH & TWENTIETH LISTS

The Fulton County Selective Service Board Friday placed an additional one hundred questionnaires in the mails for county draftees. The returns on these questionnaires must be made to the board by Wednesday, April 23.

The new lists push the number of questionnaires mailed by the local board into the one thousands. So far the board has not received any notice as to when they will have to send another contingent to the army for a year's training.

The board has received notice from the War Department that five of the 43 young men who were sent in the draft Tuesday morning have been rejected because of physical disability.

The rejected were George Bernard Migonis, Edward Benton Wagoner, Ivan Monroe Dague, Raymond Harold Dague and Lester Earl Denny. No date for the sending of replacements for these five men have been received by the local board.

Following are the names of the young men who have received their questionnaires in the mails yesterday:

### ALL REGISTRANTS TO BE CLASSIFIED IMMEDIATELY

In order to comply with orders received from Gov. Henry F. Schricker, to proceed immediately with the classification of all remaining entrants on their lists officials of the Fulton county draft board have started sending out questionnaires.

Total registrants in Fulton county is 1648 and questionnaires have been sent to 1005. The new instructions supercede a previous rule under which each board classified only enough men to keep a reservoir of Class I-A men equal to 20 per cent of its draftee quota.

The order will not mean a speedup of physical examination for registrants placed in Class I-A. Boards have instructions not to have more men examined than enough to fill expected calls for the coming 60 days.

[The News-Sentinel, Monday, May 5, 1941]

### SENT TO LANGLEY FIELD

Lieut. Arthur E. Wentzel who has been here visiting his parents, Mr. and Mrs. Charles Wentzel, on their farm west of this city, left today for Langley Field, Va. Lieut. Wentzel received his training as an army aviator at Randolph and Brooks fields in Texas. He received his orders transferring him from from Texas to Langley Field while visiting his parents.

### DRAFT QUESTION BLANKS ARE SENT TO 100 MEN

[TWENTY-FIRST AND TWENTY SECOND LISTS]

Selective Service questionnaires will be coming thick and fast in the next few weeks, according to the officials of the Fulton county draft board who yesterday placed 100 such blanks in the mails.

Additional questionnaires will be mailed regularly by the board in line with an announcement made earlier this week in which it was revealed that Indiana draft boards will classify as many men within the next few weeks as possible.

Yesterday's questionnaires went to men with numbers from 1007 to 1107 and the returns on the same must be made to the local board by Monday, May 12.

## Selective Service World War II

The local board will send five men to Ft. Benjamin Harrison, Indiana, Tuesday morning as replacements for men who were rejected in the April quota. Names of registrants who received their questionnaires today are as follows:

### FINAL PAPERS ARE MAILED TO FULTON CO. DRAFTEES

#### [TWENTY-NINTH AND THIRTIETH LISTS]

The final sets of questionnaires were placed in the mails Tuesday afternoon by the Fulton County Selective Service Board. Two hundred questionnaires were mailed to Fulton county draftees. Returns on these question blanks must be made to the local board by May 24.

The Fulton county draft board had a total registration of 1640 and the question lists placed in the mails yesterday exhausted the entire list of registrants. Another registration day is expected in either June or July.

The local draft board mailed out their remaining questionnaires in compliance with an order of the War Department asking that all registered men be classified immediately so that the department would know how large a reserve it has available.

The names of the last group of registrants to receive their papers follows:

### ALIENS MUST REGISTER FOR DRAFT JULY FIRST

Every man in Fulton county who will reach his twenty-first birthday by midnight, July 1, 1941, and who has not previously registered, must register with his local Selective Service board on July 1, Carl L. Russell, chairman of the Fulton county local board, said today.

The only exceptions are those in the armed forces and certain representatives of foreign governments.

Aliens, as well as American citizens, who are 21 years old on July 1, must be registered, Chairman Russell emphasized, also pointing out that aliens between the ages of 21 and 36 years, who have come to the United States since the first registration on October 16, 1940, and have not been registered, must appear before local boards on July 1 to register.

Special registrars will be provided to register men who cannot appear before the local board because of illness or other incapacity.

## Selective Service World War II

Every man subject to registration who is an inmate of an asylum, jail, penitentiary, reformatory or similar institution on July 1 is required to register on the day he leaves the institution.

### 3 PERSONS APPOINTED AS DRAFT BOARD REGISTRARS

Three persons have been appointed registrars for Fulton County Selective Service Board, it was learned at the local office today.

Registrars who will serve without pay are expected to sign up about 125 men, in the local board area, who have reached their 21st birthday since October 16, 1940.

Persons who have been appointed to act as registrars follow: Miss Ida K. Moore, Rochester; Mrs. Howard Ewen, Rochester; and Miss Harriet Elston, Kewanna.

It was further stated today that arrangements have been made to register the sick in hospitals or in their own homes next Tuesday.

"Any man liable for registration and who is too ill to come to the registration office at 727 1/2 Main St., should telephone 303, Fulton County Local Board, and a special registrar will be dispatched to his home or the hospital," Chairman Carl L. Russell said.

### 69 MEN REGISTERED BY LOCAL BOARD YESTERDAY

The second selective service registration yesterday added 69 men to Fulton county local board's list of men liable for military training under the Selective Service Act.

Carl L. Russell, chairman of the local board, announced that the registration had been conducted smoothly and without any difficulty whatsoever.

He commended the "fine spirit of patriotism which marked the conduct of Fulton county men during the registration."

The chairman also expressed appreciation for the assistance of volunteers in conducting the registration. He specifically mentioned Miss Ida K. Moore, Mrs. Marguerite Ewen and Miss Harriet Elston.

Today the local board will sort out the registration cards of any persons who registered with the local board but gave their home residence in some other board area.

These cards will be forwarded to the proper local board. Selective Service regulations anticipate that all cards will be in the possession of the proper local board by July 9. On that date the new registration cards will be serially numbered.

No instructions have as yet been received concerning the order in which the new group of registrants will come up for induction, Mr. Russell added.

### DRAFT BOARD POSTING LIST OF REGISTRANTS

The Fulton County Selective Service Board is now posting a list showing the names and classifications of all registrants classified after August 18.

Names will be added to the list whenever registrants are classified or reclassified, Carl L. Russell, board chairman, announced.

The posting of classifications conforms to a requirement of recent legislation which also provided for the deferment of registrants over 28 years of age. Prior to this time, classifications were entered in a large ledger, which was available for public inspection at any time. However, it was learned at the local office that very few persons had asked to see the classification record.

Under the new legislation, all classifications made after August 18 will be posted on a bulletin board or other conspicuous place in the local board office, so that anyone interested in reviewing the record may do so without interfering with the normal conduct of business in the board office.

[The News-Sentinel, Tuesday, August 26, 1941]

### REGISTRANTS REQUIRED TO CARRY CERTIFICATE

Selective Service regulations make it mandatory for every registrant to have his registration certificate in his possession at all times and to display it upon request of proper authorities, it was pointed out by Fulton County Selective Service Board today.

“The registrant must have his registration certificate in his personal possession at all times and upon request, must exhibit it to any law enforcement officer, any Selective Service official of National Headquarters or of a State Headquarters, or any member of the Local Board or Board of Appeal,” the local board announcement said.

Failure of a registrant to have his registration certificate in his personal possession, or to exhibit it upon request of authorized persons, constitute a violation of the regulations, and in addition, shall be construed as prima facie evidence of his failure to register.

Attention was also called to the fact that regulations pertaining to late registration make it compulsory that, “Every person subject to registration who for any reason failed to register on the day fixed by the President for his registration must present himself for and submit to registration before a local board.”

“This means,” the local board emphasized, “that every person subject to registration on October 16, 1940, or July 1, 1941, must register if he has not already done so.”

Violation of the regulations may cause a delinquent to be penalized by fine or imprisonment, or both.

### FINAL 30 QUESTIONNAIRES MAILED BY LOCAL BOARD

The Fulton County Selective Service Board yesterday mailed 30 questionnaires to local registrants, to complete mailing of the questions to all registrants who registered for service both on October 16, 1940, and July 1, 1941, it was announced today. The final mailing of questionnaires came as a result of information received here from the Selective Service state headquarters, urging all boards to immediately complete the sending of questionnaires to their total registration.

The new system of physical examination of draftees will become effective October 29th, it was also learned. Call No. 17 will be delivered in November under the old system, but the December call will be principally composed of men who have previously had their examination by an Army examining board, local draft officials stated. Between October 29 and December 22, Indiana will be required to send 9,357 men to Army examining boards for final type physical examination.

Following are the names of those who received the final questionnaires which must be returned to the local board office on or before Saturday, November -- th.: [not legible]

## Selective Service World War II

### FIRST WARTIME DRAFT LOTTERY SINCE '18 HELD

The fourth capsule drawn last night in the nation's first wartime draft lottery since 1918 - the third since the start of the present war - proved to be the first number to affect any local registrant. The fourth capsule contained serial number T-441, held by Harry Sullivan, of Akron. Sullivan, therefore, will receive order number 1 in the local draft board's files.

Secretary of War Henry Stimson drew the first capsule, containing serial number 3485, at five o'clock last night, soon after Brig. Gen. Lewis B. Hershey, national draft director, had launched the lottery with the stirring keynote that "this is everyone's war."

#### Nothing To Stop Production

Hershey also made the astounding statement that "nothing, not even the procurement of our armed forces, must interfere with the time table of production of the means by which the enemy will be defeated."

This meant that Selective Service officials would place production of planes and guns and tanks ahead of recruiting men for the armed forces. If necessary, it was learned, men will be drafted for such work.

Local draft boards today began preparing to mail questionnaires to the 9,000,000 new possible recruits. The questionnaires are expected to be revised to ask for more information about what occupation registrants can fill.

Those affected by the lottery may be inducted into the army by May, it was stated.

Fulton County Selective Service Board officials stated today that a complete list of order numbers for local registrants will be forthcoming in a few days, as soon as the official lottery list arrives from Washington.

Following are those men assigned order numbers 1 to 25. Since the total number of men registered in this county was 792, the local draft board, in assigning order numbers, will overlook any number drawn in the lottery, over 792.

### ALIENS MUST REGISTER FOR DRAFT JULY FIRST

Every man in Fulton county who will reach his twenty-first birthday by midnight, July 1, 1941, and who has not previously registered, must register with his local Selective Service board on July 1, Carl L. Russell, chairman of the Fulton county local board, said today.

The only exceptions are those in the armed forces and certain representatives of foreign governments.

Aliens, as well as American citizens, who are 21 years old on July 1, must be registered, Chairman Russell emphasized, also pointing out that aliens between the ages of 21 and 36 years, who have come to the United States since the first registration on October 16, 1940, and have not been registered, must appear before local boards on July 1 to register.

## Selective Service World War II

Special registrars will be provided to register men who cannot appear before the local board because of illness or other incapacity.

Every man subject to registration who is an inmate of an asylum, jail, penitentiary, reformatory or similar institution on July 1 is required to register on the day he leaves the institution.

### 3 PERSONS APPOINTED AS DRAFT BOARD REGISTRARS

Three persons have been appointed registrars for Fulton County Selective Service Board, it was learned at the local office today.

Registrars who will serve without pay are expected to sign up about 125 men, in the local board area, who have reached their 21st birthday since October 16, 1940.

Persons who have been appointed to act as registrars follow: Miss Ida K. Moore, Rochester; Mrs. Howard Ewen, Rochester; and Miss Harriet Elston, Kewanna.

It was further stated today that arrangements have been made to register the sick in hospitals or in their own homes next Tuesday.

"Any man liable for registration and who is too ill to come to the registration office at 727 1/2 Main St., should telephone 303, Fulton County Local Board, and a special registrar will be dispatched to his home or the hospital," Chairman Carl L. Russell said.

[The News-Sentinel, Saturday, June 28, 1941]

### 69 MEN REGISTERED BY LOCAL BOARD YESTERDAY

The second selective service registration yesterday added 69 men to Fulton county local board's list of men liable for military training under the Selective Service Act.

Carl L. Russell, chairman of the local board, announced that the registration had been conducted smoothly and without any difficulty whatsoever.

He commended the "fine spirit of patriotism which marked the conduct of Fulton county men during the registration."

The chairman also expressed appreciation for the assistance of volunteers in conducting the registration. He specifically mentioned Miss Ida K. Moore, Mrs. Marguerite Ewen and Miss Harriet Elston.

Today the local board will sort out the registration cards of any persons who registered with the local board but gave their home residence in some other board area.

These cards will be forwarded to the proper local board. Selective Service regulations anticipate that all cards will be in the possession of the proper local board by July 9. On that date the new registration cards will be serially numbered.

No instructions have as yet been received concerning the order in which the new group of registrants will come up for induction, Mr. Russell added.

### DRAFT BOARD POSTING LIST OF REGISTRANTS

The Fulton County Selective Service Board is now posting a list showing the names and classifications of all registrants classified after August 18.

Names will be added to the list whenever registrants are classified or reclassified, Carl L. Russell, board chairman, announced.

The posting of classifications conforms to a requirement of recent legislation which also provided for the deferment of registrants over 28 years of age.

Prior to this time, classifications were entered in a large ledger, which was available for public inspection at any time. However, it was learned at the local office that very few persons had asked to see the classification record.

Under the new legislation, all classifications made after August 18 will be posted on a bulletin board or other conspicuous place in the local board office, so that anyone interested in reviewing the record may do so without interfering with the normal conduct of business in the board office.

### REGISTRANTS REQUIRED TO CARRY CERTIFICATE

Selective Service regulations make it mandatory for every registrant to have his registration certificate in his possession at all times and to display it upon request of proper authorities, it was pointed out by Fulton County Selective Service Board today.

"The registrant must have his registration certificate in his personal possession at all times and upon request, must exhibit it to any law enforcement officer, any Selective Service official of National Headquarters or of a State Headquarters, or any member of the Local Board or Board of Appeal," the local board announcement said.

Failure of a registrant to have his registration certificate in his personal possession, or to exhibit it upon request of authorized persons, constitute a violation of the regulations, and in addition, shall be construed as prima facie evidence of his failure to register.

Attention was also called to the fact that regulations pertaining to late registration make it compulsory that, "Every person subject to registration who for any reason failed to register on the day fixed by the President for his registration must present himself for and submit to registration before a local board."

"This means," the local board emphasized, "that every person subject to registration on October 16, 1940, or July 1, 1941, must register if he has not already done so."

Violation of the regulations may cause a delinquent to be penalized by fine or imprisonment, or both.

### FINAL 30 QUESTIONNAIRES MAILED BY LOCAL BOARD

The Fulton County Selective Service Board yesterday mailed 30 questionnaires to local registrants, to complete mailing of the questions to all registrants who registered for service both on October 16, 1940, and July 1, 1941, it was announced today. The final mailing of questionnaires came as a result of information received here from the Selective Service state headquarters, urging all boards to immediately complete the sending of questionnaires to their total registration.

The new system of physical examination of draftees will become effective October 29th, it was also learned. Call No. 17 will be delivered in November under the old system, but the December call will be principally composed of men who have previously had their examination by an Army examining board, local draft officials stated. Between October 29 and December 22, Indiana will be required to send 9,357 men to Army examining boards for final type physical examination.

Following are the names of those who received the final questionnaires which must be returned to the local board office on or before Saturday, November -- th.: [not legible]

Michael Leo Hines, Kewanna; Donald Earl Hartung, Rochester; Harold Everett Wichman, R.R. 6, Rochester; John Edward Schenck, Rochester; Billy Adamson McKee, Rochester; Calvin Earl Ringle, R.R. 1, Akron; James Luther Yike, R.R. 2, Rochester; Billie Dean Miller, R.R. 4,

## Selective Service World War II

### FIRST WARTIME DRAFT LOTTERY SINCE '18 HELD

The fourth capsule drawn last night in the nation's first wartime draft lottery since 1918 - the third since the start of the present war - proved to be the first number to affect any local registrant. The fourth capsule contained serial number T-441, held by Harry Sullivan, of Akron. Sullivan, therefore, will receive order number 1 in the local draft board's files.

Secretary of War Henry Stimson drew the first capsule, containing serial number 3485, at five o'clock last night, soon after Brig. Gen. Lewis B. Hershey, national draft director, had launched the lottery with the stirring keynote that "this is everyone's war."

#### Nothing To Stop Production

Hershey also made the astounding statement that "nothing, not even the procurement of our armed forces, must interfere with the time table of production of the means by which the enemy will be defeated."

This meant that Selective Service officials would place production of planes and guns and tanks ahead of recruiting men for the armed forces. If necessary, it was learned, men will be drafted for such work.

Local draft boards today began preparing to mail questionnaires to the 9,000,000 new possible recruits. The questionnaires are expected to be revised to ask for more information about what occupation registrants can fill.

Those affected by the lottery may be inducted into the army by May, it was stated.

Fulton County Selective Service Board officials stated today that a complete list of order numbers for local registrants will be forthcoming in a few days, as soon as the official lottery list arrives from Washington.

Following are those men assigned order numbers 1 to 25. Since the total number of men registered in this county was 792, the local draft board, in assigning order numbers, will overlook any number drawn in the lottery, over 792.

### 100 REGISTRANTS GET DRAFT QUESTIONNAIRES

Draft questionnaires were mailed Saturday to 100 local registrants by the Fulton County Selective Service board, it was announced today. The questionnaires are to be returned to the local draft office on or before April 22, 1942. Registrants were urged to avail themselves of the services of the advisory board, for assistance in filling out the forms.

All but two of the registrants mailed questionnaires were those registered for the last draft lottery, it was stated.

Occupational questionnaires have also been mailed to registrants by the local draft board. Draft officials said that a state representative would be in the local office between eight a.m. and 12 noon Saturday, April 18, to assist local registrants in filling out these occupational forms.

### 3 REGISTRANTS ASKED TO NOTIFY LOCAL BOARD

The Fulton County Local Board is unable to communicate with the following registrants at their last known addresses: Gaston Louis Duncan, Willard Carson Briggs, and Thomas Aldridge Walker.

A notice of suspected delinquency has been mailed by the local board to the above registrants. Any person or persons having knowledge of the whereabouts of the above registrants is requested to communicate immediately with the local board office.

### 1752 MEN REGISTER IN COUNTY YESTERDAY

Fulton county registration boards signed up 1,752 men between 45 and 65 years of age yesterday as the "older generation" marched to registration offices, Fulton county selective service officials stated today. 51 were out of the county, officials said, while 1,701 were residents of this area.

The men who registered in Fulton county were a part of the 239,000 who went to registration offices throughout Indiana yesterday to swell the Indiana selective service folls beyond the 1,000,000 mark.

Following are the figures for the township registrations:

Aubbeenaubbee	104
Henry	263
Liberty	181
Newcastle	85
Richland	108
Rochester	708
Union	190
Wayne	113

### MANY COUNTY MEN TO BE CALLED UP FOR PHYSICALS

Farm youths from 18 through 29 years of age will face pre-induction military examinations during the month of February, the local Selective Service Board announced this morning.

This, it is stated, will include all men between the ages specified who are now classed 2-C as well as those who have turned 18 during the month of January.

The order comes as a part of the revised draft regulations recently released from Washington.

Slated for re-classification also are all men 18 through 29 classed as 2-A, 2-B or 2-C with F or L designation, who voluntarily leave their present employment without the consent of their local draft board. Under re-classification schedules, all such men, whether previously rejected as unfit, or deferred for limited service, will be given 1-A status and will be required to appear for examination under the present greatly modified physical standards code.

A number of county men whose physical condition has been deemed to be now improved since previous examination have been classed 1-A and have received their re-classification cards. These men will be required to appear for another examination upon call of the local board.
