TREASURY ROBBED. Last night the Treasurer's Office in this County was broken open and robbed, the burglars relieving our County of about \$2000 besides other valuable papers and monies deposited in it. No trace of the burglars have yet been learned. The safe was evidently robbed by some old safe robber who understood his business. He had stolen two sledge hammers and two cold chisels with which he made an entrance. Fulton county has been very unfortunate; the Treasury was robbed in 1863.

FIRE. On last Friday about noon, our citizens were alarmed by the cry of fire, the first time in this year. It was discovered in the Bakery belonging to Mr. STANLEY, when too late, notwithstanding the most strenuous efforts of our fire company and citizens to save the building was totally destroyed. The fire originated from wood placed near the stove for the purpose of drying ... loss was partially relieved by a donation from the citizens present ... received and fully appreciated by him, as we understand that in the destruction of the building he loses all means of support.

APOLOGY. We are called upon to apologize to our patrons for inserting an Advertisement in our paper for one LOUIS FEDER, and will promise never to do so again after the expiration of the present contract. When we first inserted his Advertisement, we thought him to be a fair and honest dealer, and as we do not disregard honor and work for money alone, we refuse ever after to ask our patrons to deal with a man whom we know to be dishonest, who is so low as to insult ladies, by meddling in an officious manner, who come into his store, and uses every means in his power to cheat, lie, deceive, and swindle honest people out of their hard earnings. We know that he cannot be trusted and so soon as his contract expires we will lift his advertisement out, for we do not propose to deceive the people in anyway when we can prevent it.

AN OLD FIRM. About thirty years ago, when the campfire and war-whoop was seen and heard, there came to this locality an honorable and Christian gentleman who engaged in the Boot & Shoe business. At that time but little of the work was done as but few white settlers inhabited these regions, shortly after this period however, the treaty with the Pottowattomies, with their removal and the general settling of white people in our County followed, and but a short time elapsed until this place was numbered with what was termed at that time a "white settlement." From that to the present time our pioneer, Mr. ELIHU LONG, remained here and has made himself known far and wide as the oldest and most reliable Boot & Shoe dealer in this part of the country. And justly, too, has he acquired this wide reputation. Two or three years since, the old gentleman sold his stock to his son, H. C. LONG, late Captain in the army for the suppression of the rebellion, who continues to do business at the old stand opposite the Court House, in the same way after that of his father....

FOR SECRETARY OF STATE OF INDIANA IN 1868. We see from many of our exchanges that the Colonel's (K. G. SHRYOCK) name is used as the probable candidate for the office of Secretary of State, at the election in the fall of 1868 it has been our opinion, and is yet, that if the National Convention should be so wise as to nominate the nation's noblest son, SCHUYLER COLFAX for the Presidency, in that event Col Shryock would be the most popular and successful candidate for Congress in this District

MARRIED. On September 6th by E. KIRTLAND, Esq., at his office in Rochester, Mr. ANDREW NOGGLE to Miss LUCINDA JACKSON, all of this county.

They will leave New York immediately after their arrival, and come west to look after the interests of the road. The Peru and Plymouth road, we are informed by Mr. RICE the engineer of the road from this place to Plymouth, will, as he thinks, be completed to this place by the 1st of Jan. 1868....

ROCHESTER CHRONICLE - Thursday, September 19, 1867

BRUTAL CRIME - AN OLD LADY FOUND MURDERED.

(Special Dispatch to the Chicago Tribune) Bourbon, Ind, Sept. 7.

One of the most horrible and brutal murders it has ever been my duty to record, has been committed one and a half miles east of here, on the line of the Pittsburgh, Ft. Wayne & Chicago Railroad. The name of the murdered woman is BARBARA CATHARINE DALE, and her age is fifty-six years. She came from Germany to this country seven years ago with her only son, an industrious lad of about twenty years of age, who supported himself and his mother in a comfortable manner, in the employ of the railroad company as a day laborer. The two owned a small piece of land on which they had built a small log cabin ... the house stands something over fifty feet from the railroad track... Suspicion strongly points to a German, named GEORGE R. SCIENTLE, as being connected with the murder, and his arrest has just been effected.

CHANGE. Mr. WM. DOWNEY has purchased the stock of groceries in WALLACE'S BLOCK, formerly owned by JOLIN SHORE. . . Mr. Downey is a young man worthy of the people's patronage.

RAILROAD MEETING AT FULTON. The anti-railroad men of Liberty and Wayne Townships met at Fulton, on Monday the 27th inst., at a railroad meeting called for the purpose of getting an expression of the people in that vicinity. They expressed themselves against extending

the donation of the county on the grounds (as stated by their spokesman, Mr. SELLARS) "that railroads were a curse to the laboring community," that they deprived the laborer of the only means he had of support, that they destroyed the cattle of the farmer immediately along the line of the road, and the farmers who raised horses to sell had their market cut off, or there would be neither work for horses or teamsters.

MORE BURGLARY. Again we are compelled to give publicity to another of those bold "operations." On last Thursday night, the Boot and Shoe Store of Capt. LONG, was entered by burglars, and over three hundred dollars worth of boots, shoes and leather stolen. No clues to the robbers has yet been found....

DIED. On Tuesday the 29th day of October 1867, of typhoid fever, SAMUEL SHELTON, of this place.

Death comes among us once again, and carries away one of our best citizens. A few weeks ago the community mourned the loss of its most honored and worthy citizen, BRICE SHEPHERD. Mr. Shepherd was one of our influential, patriotic and devoted men: a kind husband, and a good father. On Tuesday last we were again called to mourn the loss of Samuel Shelton. Mr. Shelton was well known to many of the citizens of this county; he was a man of strict integrity; beloved by all who knew him and kind alike to family, neighbors and friends. He leaves a large family, many relatives, and numerous friends to mourn his loss.

ROCHESTER CHRONICLE - Thursday, November 7, 1867

COMMUNICATION. The following communication was handed us by a distant relative of Ta-La-La-Bul-Beaunna, who is related to old Godfrey, Chief of the Miamies, and is now friendly to the Pottawattomics. We understand from him that Tec-Choc-Koos-Nye, is preparing a book, entitled, The Wonderful Chief; or the Reminiscences of Lake Manitau. - Ed.

Ed. Chronicle: My Dear Sir: Some things ought to be known as well as others, I therefore propose to enlighten not only those who now and for more than twenty years, have lived in our midst, but those who live abroad and have no means of knowing where we are, or how we are getting along except through our public journals.

It is not generally known that Lake Manitau is just one mile from the county seat of Fulton county, that it is a body of water covering an area of land three miles in length, and from a mile and a half to two and a half in width. In its middle is two Islands, one embracing twenty-five or thirty acres of land, well timbered, and as fertile as any in the county, and upon which pea and grape vines grow luxuriantly. The other island is not so extensive, but more beautiful, as it is covered with a young growth of timber. It is now occupied by a Mr. NYE, an immediate decendant of old Aubbeenaubbee, chief of one of the clans of Pottawattomies that inhabited this county twenty-five or thirty years ago, and who was killed by his son under circumstances very marvelous to relate, the facts of which can be better told by his relative Tec-Choc-Koos-Nye, now

occupying an island in said lake. He has at a great expense purchased a small steamboat that he has named Chief Aubbeenaubbee, in honor of his ancestor.

Tec-Choc-Koos-Nye is familiar with the traditions of the Pottawattomie Indians in relation to lake Manitau, and has frequently seen the monster that is said to inhabit it. If the reader has any doubts of Lake Manitau being the retreat of a monster he is referred to the tradition of the Algonquins, as published in the Whig Review, of 1838 or 9, from which we learn that the monster now inhabiting said lake was traced by his trail from the Rocky Mountains to the lake now traversed in pleasure excursions by Tec-Choc-Koos-Nye, the lineal descendant of the old Chief Aubbeenaubbee.

No Indian was known to venture upon this lake for a hundred years prior to the settlement of this country by the whites, on account of the fear he entertained of "Monibozo," or the Devil, that inhabited it. Hence, when the whites (who are less fearful of the Devil, which in Indian phrase is Manitau,) settled here the lake was literally filled with fish, and proof can now be adduced to show that in 1858 more than Seven Thousand pounds of fish was caught in a single day; one man alone speared in one night Twenty-five Hundred pounds of fish.

Tec-Choc-Kocs-Nye, the descendant of old Chief Aubbeenaubbee, has built a house on one of the Islands of this lake, and in addition to his steamboat keeps on hand a great variety of small crafts for the accommodation of fishing parties. In the summer time he keeps Ice Cream, and in the fall and winter prepares fish and game of all kinds in a way pleasant to the taste of hungry sportsmen. In fact the tradition connected with said lake are most wonderful, and for a place of resort for pleasure cannot be surpassed in the State.

ROCHESTER STANDARD - Thursday, February 21, 1867

We are informed that Mr. DAVID MOW came very near being drowned on last Monday while helping to remove lodged ice from the bridge across the Tippecanoe river near our town.

The BOARD OF COUNTY COMMISSIONERS hold a special session this week in reference to the late ROBBERY of the safe of the COUNTY TREASURY, and to take the preliminary steps for collecting the amount of money lost from the men who sold the safe, warranting it fire and burglar proof...

The TIPPECANOE RIVER has been very high and is still "out of all bounds." Considerable damage has been done along its course we understand in the way of carrying off fences, lumber, bridges, &c. It is reported that a portion of the LEITER BRIDGE below here has been swept away, and the bridge north of town on the MICHIGAN ROAD is gone. We trust the citizens will put in a good Ferry boat here immediately, until the bridge can be replaced.

A correspondent in last week's [Logansport, Ind.] Pharos says that the first house, except Indian trading houses, ever built in Cass County, is a large log house on the south bank of the Wabash river opposite the point of land on which the city of Logansport now stands, that it is "in a pretty good state of preservation," and that it was built in the spring of 1827 forty years ago by our old venerable townsman, uncle ALEXANDER CHAMBERLAIN. We have no doubt the statement is correct, as the writer (if we are not mistaken) has himself domiciled near by the "neglected relic," many years, and knows whereof he writes. Have it preserved, "Charlie" by all means through the Council or Commissioners, and we will cling to the old Pioneer builder as long as possible. He is still spry and cheerful, especially when conversing about those "olden times."

ROCHESTER STANDARD - Thursday, February 28, 1867

The POST OFFICE has been removed into the South Room of Mr. INGERMAN'S new BUILDING, three doors north of (----) Store, where the accommodating (----) CHAMBERLAIN) and his attentive help may be found at all reasonable hours, ready to wait upon the public.

The accounts of CHARLES J. STRADLEY have been assigned to Messrs. Haynes, Spencer & Co., and M. & T. Haynes... left with the undersigned for collection... H. B. JAMISON.

Mr. ALMACK, Trustee of New Castle Township had his house broken open last Monday night in his and his family's absence, and robbed of from six to eight hundred dollars. The burglars forced the door open with chisels taken from Mr. Almack's tool chest, and also opened the bureau drawer where the money was by similar means. It is supposed the villains are known, and will be surely "scotched." We hope so at least.

Mr. STURGEON, TREASURER of the County informs us that he succeeded last week in aADJUSTING THE CLAIM against the Safe Company of Cincinnati on their warranty of the safe lately broken open and robbed by burglars in his office ...

Mr. Helm was one of the early settlers of that County and for a quarter of a century shared its privations and its smiles.

DIED. On the 11th inst., at his residence four miles south of Rochester, Hon. HUGH MILLER, in the sixty-first year of his age.

Judge Miller settled in Fulton County over thirty years ago and has resided here since. He was widely known throughout the State, having served several terms in the Legislature, and as a delegate in the Convention that formed the present Constitution of the State of Indiana. He was Judge of the Court of Common Pleas in this district, the first four years after the organization of that Court.

A devoted friend to education, he was for several years prior to his affliction the Examiner and patron of the Schools in this county.

As a citizen, a friend or neighbor, he was firm constant and kind, ever steeled against the poisoned fangs of jealousy and base slander. In politics he was determined, earnest, and consistent, always a Democrat from principle.

Last fall he was prostrated by a fatal cancer on the neck below the ear, which was afterwards supposed to have been removed by Dr. SPRINGER, of Niles, Mich., carrying away with it the lower part of the ear. The Doctor ever since thought, and the citizens hoped the Judge was getting

well, but last Sunday night he experienced a severe chill, followed by congestion of the Stomach, which terminated in his death about one o'clock, P.M., the next day. His remains were brought to this place for interment on the 12th at two o'clock P.M. and followed to the cemetery by a large number of citizens and relatives. The bereaved wife and children have lost a kind and affectionate Husband and Father, the poor man a friend indeed, and Fulton County one of her oldest and best citizens. In the hearts and interests of our people, there is none left to supply the unselfish counsel, sacrifices, and friendship of "Judge Miller." ...

THE OLD CEMETERY.... the old "CITIZENS CEMETERY" ... The fencing is down on three sides of the grounds, and many of the large head stones, and once neat monuments of affection and care for the memory of departed loved ones, have fallen over on the graves or lodged in the surrounding wild brush. Everything in fact within and surrounding the yard, bears the lamentable marks of forgetfulness and decay except the wilderness of oak and hazel brush, which if not soon removed, will hide the entire grounds and their sacred mementoes from view altogether.

We recognized many names there that were familiar years ago, in our first acquaintance with the citizens of this place, names of some out of almost every family of the early settlers, ... Most strikingly in contrast with the present appearance of the cemetery, was that fraternal spirit which some fourteen years ago placed that large nice stone near the center of the grounds at the head of the grave of "The Stranger," OLIVER A. CRARY...

SAD AFFLICTION. A few weeks since Mr. JACOB BOMBARGER, present owner of the old McANELLY farm, three miles west of this place, had his house with most of its contents burned. The fire occurred in the afternoon while Mr. and Mrs. Bombarger were both absent. One of their children, a little girl eleven or twelve years old, who had been sick for some time, became so much frightened, as to lose her reason entirely. A few days ago her mother had her in town leading her by the hand like an infant, the unfortunate child neither speaking nor apparently realizing where she was, or what was saying by those around her.

Mr. Bombarger is an industrious worthy citizen, and

We understand tne neighbors are very cheerfully and properly assisting him to build another house. This is right.

He called to a hand above for an axe which was handed to him. In a few moments afterwards it was observed by the workmen that something had interfered with the machinery, and that the speed of the mill was checked. Upon looking for the cause, Mr. Palmer was found a corpse, caught in the machinery and terribly mangled. The deceased was a Marylander, about fifty years of age. He had immigrated to Indiana about a year ago, and purchased the mill last fall of Mr. DUKES. He was a very worthy and estimable citizen, highly esteemed by all who knew him. - PERU SENTINEL.

MASONIC DEDICATION. A member of the Masonic Fraternity has kindly furnished us with the following account of the dedication of the Masonic Hall in Gilead, Miami County, on Friday last:

"After a most delightful drive of some thirteen miles, through a beautiful country, on the morn of the 14th, we found ourselves in the suburbs of the village of Gilead, and driving to the only hotel the place affords, we discovered "mine host" and old friend, E. G. BARNES, smiling through the perspiration on his genial face, and ready to give us such welcome as no other man knows how to bestow upon fellow man. Taking a good draught of "Adam's Ale" to wash down the dust in our throats, we were ready for business, but it wanted an hour of the time set for the commencement of the ceremonies, and having nothing else of importance to attend, we took a stroll through the village. Gilead, we should judge, contains about three hundred inhabitants, and is bright looking place for an inland town remote from any public thoroughfare, situated in Perry township, Miami County, and contains one or two groceries, blacksmith shop, Cabinet Shop, a church and School House. Looking at our watch, we found it to be near the hour of "business," we retraced our steps to the "GILEAD HOUSE," in time to take our place among the procession to march to the grove south of town, where preparations had been made for part of the ceremonies to take place, on reaching the grove, we seated ourselves and the ceremonies were opened by singing from the choir, composed of Ladies and gentlemen from this place, accompanied by a fine melodeon which gave a beautiful effect to the truly splendid music. Bro. A. J. HOLMES, who had been appointed Deputy Grand Master for the occasion made a few remarks, followed by a prayer from Rev. J. S. DONALDSON Pastor of the M.E. Church in this place. The oration came next, delivered by Mr. D---, and when about one half through the discourse, a severe shower of rain broke upon us, which necessarily caused an adjournment to some other cover than the broad "canopy of Heaven," therefore we adjourned to the School House, -- the largest public room in the place-- when the ceremonies were completed by installing the officers of the Lodge, T. M. McKIM being installed as Master, after which we adjourned to partake of a splendid dinner furnished by the proprietor of the Hotel, to which we all done ample justice. We returned home in the evening, and thought the words were truly spoken by the Orator in his eloquent address, that it was an "occasion long to be remembered by all."

Mr. Carr having jumped from the wagon previous to the team getting frightened to part the dogs, one of which belonged to him, was unable to reach the horses in time to prevent them from running--there being only his wife and children in the wagon. They ran from Cornelius Bros, and Fromm's new buildings to the M.E. Church, where in turning the corner so suddenly the wagon was turned over, throwing all out upon the hard ground, severely injuring Mrs. CARR and eldest son. Mrs. Carr had a shoulder and ankle dislocated, and the child was severely injured in the leg--tearing off great pieces of flesh. Messrs GOULD, ROBBINS and HILL dressed their wounds. They are now under the care of ROBBINS and HARTER, Mrs. Carr is doing well but the child's life is doubtful.

When found he was cold and dead. The cause of him doing so is not known, his name was CHARLES KINNEY.

ANOTHER ATROCITY. The trial of LAWRENCE HART for the murder of the boy at Warsaw, Ind., closed on Saturday last at midnight, with a verdict of guilty and a sentence of 21 years imprisonment, in the penitentiary. COMMUNICATION. For the Chronicle. Mr. Editor: Some of your readers may wish to see an additional brief notice of Mrs. A. F. SMITH, whose death at Minneapolis, on the 29th ult., and interment here on the 4th inst., were mentioned in your last issue. She was born in Terre Haute, in 1819 A.D., moved with her father's family to Logansport, at the age of seven years, and to this town a few years later. She was united in marriage to Mr. A. F. SMITH thirty-one years ago, she being then eighteen years of age, and her husband nineteen. The wedding was at the house still known in this town as the CHAMBERLAIN HOUSE. The inhabitants of the town were the wedding guests, about fifty in number. Her residence continued here until in November 1865, when the family moved to Minnesota. She was thus one of those who have seen nearly the whole growth of Rochester to its present size.

ROCHESTER UNION SPY - Thursday, April 30, 1868

A Weekly Political and News Paper. M. B. & W. H. H. MATTINGLY, Editors and Publishers

SALUTATORY. ... We will therefore state... that the politics of the SPY are indicated by the prefix UNION... (sets forth views on national politics) ... the spy, if we can make it so, shall be a fit and agreeable companion for the fireside and home, the father and son, the mother and daughter.

PRESBYTERIAN MITE SOCIETY. Will meet at the residence of E. CALKINS.

THE RAILROAD. Information from the "front" is to the effect that work upon the railroad is being prosecuted with vigor. Large gangs of hands are grading between Plymouth and Argos, and a force has been set to work between the latter point and the Tippecanoe River. The iron for the track has been shipped from New York, and the work of track-laying will commence about the 10th of May...

THE MAILS. Rochester is most wretchedly supplied with means of communication with the outer world, and Uncle Sam should be petitioned to do a better part for us. The stage leaves Plymouth and Logansport every alternate morning at an hour when most of us are eating breakfast, and before the morning trains arrive. The consequence is that we get the city papers twenty-four hours after the news has become stale to the rest of the world, and frequently they fail to come at all. Our town is of sufficient importance to require a daily mail from both before-mentioned points...

COMMON PLEAS COURT is still in session, Hon. ORRIS BLAKE, of Peru, presiding... D. P. BALDWIN, of Logansport, and G. H. REEVE, of Plymouth, are the only lawyers present from abroad.

ACCIDENTS. The Fourth of July... JOHN LIZY, a young German, who resides in Union Township, was seriously hurt while on his way to Rochester to spend the Fourth. He was in company with some friends, and the party stopped at the residence of Mr. JAMES MOORE to get a drink of water. Young Lizy did not dismount, but held the horses of two of his companions, when his own animal became frightened. Probably he tried to retain the bridles of his friends' steeds, and was thus dragged out of his saddle. One of his feet caught in the stirrup, and the head of the unfortunate young man was dashed with great violence against the fence or a stump, fracturing his skull and otherwise mangling and bruising his person. The accident occurred about nine o'clock a.m., and until late in the afternoon his death was hourly expected. It is now thought, however, that he will get well.

Miss ELLA KIRTLAND, daughter of the Squire, postponed her part of the celebration until the 7th, when she stepped on a hot stove lid, leaving her track in burning flesh. Prompt care and attention has already placed the little sufferer beyond the fear of dangerous consequences.

Saturday last Peck and Necher met for the first time since the above affray. A bloody fight ensued, in which the tide of battle was all in favor of Peck. Luckily the remedy was given in time to save his life.

CHILDREN DROWNED. -Last Saturday a little child, daughter of Mr. GEORGE WAGNER, was drowned in the mill race near this place. The family live at the head of the race, and the back gate opens upon the bank. The gate is usually kept shut, but by some means was left open that fatal afternoon, and, it is supposed, the little girl got started down the declivity and could not stop before reaching the water. Its absence was not noted for half an hour, when search was instituted by the family. When the body was found it was perhaps too late to hope for resuscitation, and three-quarters of an hour more elapsed before medical aid arrived.

HORRIFYING ACCIDENT. We learn that a young man named SERGEANT, a resident of Union Township, a few days since, had one of his legs so crushed and mangled in a threshing machine that amputation became necessary.

MURDEROUS ASSAULT. Saturday was a day of excitement in Rochester... The violator of the peace was a notorious individual named SELVEY, and this is not his first offense. Selvey was formerly a performer in a circus, is a very powerful man, and when in liquor is a perfect demon. He resides near Bloomingsburgh, coming to the county seat only occasionally... Saturday... he came to town, became infuriated with drink ... He first got hold of an Irishman, probably as drunk as himself, on whom he inflicted indignities that are too disgusting for recital. Another man was also subjected to similar outrage ... he inflicted a murderous blow with a pitchfork upon Mr. WILLIAM DUDGEON, a countryman who was quietly pursuing his way along the sidewalk. It was thought at first that Mr. Dudgeon's injuries were greater than they proved to be. (after resisting arrest, he was arrested and taken before a Justice, but was permitted to search for bail, and left) ...

A CHALLENGE. (letter to editor concerning article appearing in The standard, which claimed that) thirty-seven old wide awake lamps were carried by a procession which they called the "Fighting Boys in Blue," many of which fightists, however, had never seen a day's service in the army.

Below we hand you a list of the persons who made up the procession ... and we defy the Standard to point to one man who was in the ranks who has not an honorable discharge from the service: W. H. WILLIARD, H. S. FOOTE, John MYERS, Aaron GUNCKLE, J. R. STALLARD, Williard GOULD, Joseph CARR, Vernon GOULD, Christian NEWHOUSE, Ed HAWKINS, Chas. COLWELL, D. M. HEATON, George GROVE, Wm. IMPROVEMENTS. A walk about the town reveals the fact that all our mechanics are busy, especially those... in house building. Two fine brick structures, both having stone fronts, are being erected on Main street, and are to be used for business purposes. The one nearest completion is on the corner north of the public square and is owned by JESSE SHIELDS, Esq. The brick used in its construction was made in this place ... The other brick building is located nearly opposite and west of the Court House, and is owned by Mr. G. M. SERGEANT... We hope another year will witness entire brick blocks taking the place of the inferior wooden buildings that now occupy some of the best business sites in town.

Mr. LOU. FEDER has purchased several lots on South and Jefferson streets, and has commenced the erection of a substantial private residence. We understand he contemplates putting up a number of small dwelling houses to rent...

FULTON COUNTY. Fulton County is Democratic by an increased majority... In answer to the natural inquiry as to the source of the Democratic gain, a number of reasons suggest themselves, among which we will name: 1. The Railroad, which is chargeable with at least fifty new Democratic votes - some of them legal, others questionable. 2. The well-attested fact that ever since the Republicans have been victorious in the nation many men who cannot bear contradiction have moved into localities where their respective parties are in the ascendancy in order to be among their political friends ...

HIGH RENTS. A Rochester mechanic confided to us the other day his determination to leave the town on account of high rents ... Rochester, though the seat of county government, is not necessarily the only business point in Fulton County. On the banks of the Tippecanoe River, at the point where the railroad crosses that stream, a considerable village is destined to spring up ... Houses now renting for \$120 per annum could be well offered for \$84, and others in proportion. Our remarks are only applicable to dwelling houses; business property in Rochester rents at reasonable rates.

ROCHESTER A RAILROAD TOWN... Last Saturday began an era in the history of Rochester. The track of the CINCINNATI, LOUISVILLE & CHICAGO RAILROAD that day crossed the corporation line from the north, at an early hour, and before the sun disappeared in the west the rails had been laid beyond the southern limits of the town. It was and is intended to be a continuation of the PERU & INDIANAPOLIS RAILROAD from Peru to Laporte, Ind., where connections will be made with trains running on the Michigan Southern and Northern Indiana Railroad. In the year 1855-6 the portion of the road between Laporte and Plymouth was completed... The laying of the track through Rochester was witnessed by large crowds of both sexes... Monday a force was engaged laying a side-track near where the station is to be located. The depot will be almost east of the Court House, on the Akron road. A shaft has been already sunk for a tank, and, we presume, work will soon commence on the depot building...

SUDDEN DEATH. An old gentleman named WILLIAM YOUNG, who made his home at the house of JAS. RANNELLS, Esq., was found dead in his bed Monday morning. He retired Sunday night in usual health, having partaken of a hearty meal at 5 p.m. He awoke a young man who was sleeping with him by getting up in the night, but as he did not complain, his companion went to sleep again. His death was not discovered until the breakfast hour. He must have passed away without a struggle or a moan. His death was probably caused by palpitation of the heart. Mr. Young was 72 years of age.

THE RAILROAD ... It appears that the franchise for the construction of a railroad from Laporte to Peru, via Rochester, was owned by Mr. LITCHFIELD and Alfred NOXON, of whom the present company or association are purchasers. The present owners are Chas. COURTER, President; Geo. W. RODGERS, Roscius KENNEDY, Guernsey KENNEDY, Jas. HERRICK and J. R. HERRICK. These gentlemen represent a capital of \$2,500,000 The track, when finished will be inferior to none in this country. The iron is of English manufacture... From 2,600 to 2,800 ties are required to the mile. The cost of constructing the road has been about \$15,000 per mile... Work on the road south of Rochester is being pushed forward as rapidly as the weather permits. The track has already been laid three miles out of Rochester, and from Peru to Eel River. All but one contract for grading is completed, and that has been given to Charley FRANK, and is, therefore, as good as done.

No regular trains will be placed on the road before next Monday, when two mixed trains will arrive from and depart towards the North. The water tank is completed, and temporary depot buildings will be put up here during the coming month. Last week a side track, capable of accommodating several trains at once, was laid. A turntable for engines is in process of construction.

Miss Ally has been in the city for about two years, attending either the late Indiana Female Collage, or the Female Institute... She has an uncle living about twelve miles from the city, in Washington Township, named Andrew SHEETS, and she is one of the heirs of the late Wesley LOVE, of this county. Dr. MERRITT, living in Sullivan County is also an uncle, and she has a couple of half-sisters in Clinton County... She was of

medium size, rather heavy, with black hair and eyes ... Any one hearing of her will confer a great favor on her relatives by leaving word at this office or writing to Oliver CRAVEN, Thorntown, Indiana."

Innocent in appearance, it laid day after day... until last Monday, when the letter accompanying it was opened, and the package delivered to Mr. G. W. PICKETT. The box was opened and found to contain two rattlesnakes, one of which was dead. Mr. Pickett claims to be a snake charmer, ... took the reptile in his hands, allowed it to encircle his neck ... without serious consequences. At a later hour in the day, however, while exhibiting the serpent, it bit him on the thumb, and before he could put it back in the box and properly secure the hideous plaything, the poison had produced such an effect as to cause fainting. DEMOCRATIC COUNTY TICKET. For Treasurer, William P. BALL. For Sheriff, Levi M. MONTGOMERY. For Commissioner, 1st District, James MARTIN. For Land Appraiser, Isaiah SLICK. For Assessor, Rochester Township, A. L. GOODRICH.

THE DEAR SOLDIER... The Republican majority in the Counties of Fulton and Kosciusko is about four hundred; a nomination is considered by them as equivalent to an election. There were four candidates before the convention which met here on Saturday last, to nominate a Joint Representative from these two Counties. One of them - EDWARD CALKINS - had served in the army with distinction for thirty-eight-months, had then returned home and been a zealous supporter of the cause of "God and humanity" ever since. Another, M. L. ESSICK, had served in the army and after his return, had for three years published the Republican paper in this County, at a dead loss to himself of several hundred dollars per year. Both of them were members of the G.A.R., one of them the commanding officer of that organization. Of course everybody expected one or the other of the two soldiers would be nominated. They were opposed by a man who had already had the office-- who had never shouldered a musket or carried a knapsack in his life; -- who was classically described by one of his competitors as "a d ---- d stay at home Dung hill patriot," and who was described by another one of his competitors as being so ignorant, that he could not spell correctly one half of the words in the following phrase: "An act entitled an act to incorporate the town of Rochester." Backed by the G.A.R., relying upon the love of their party for the DEAR BRAVE soldier, Calkins and Essick went into Convention confident of success. But, lo, and behold! when the vote was taken, DAVIDSON, the "stay at home," was nominated on the first Ballot ...

The two soldier candidates were slaughtered in the house of their friends...

Do not the soldiers of Fulton County remember that JAMES BEEBER, a soldier, and HORACE LONG, a soldier, were nominated when there was not a ghost of a chance for their election; and that the Republican convention on Saturday last nominated JACOB WRIGHT, a soldier, for Sheriff, where there is 228 majority against him. And the same Convention snubbed two soldiers and nominated a "Stay at home" for Representative, when they knew there was a Republican majority in his favor of over 400 votes. We say to the soldiers; remember these things when you go to the polls...

MITE SOCIETY. The Presbyterian Mite Society will meet at the residence of Wm. MACKEY...

ELSEWHERE. In this paper will be found the speech of ROBERT WALLACE, Jr., delivered before the "WHITE BOYS IN BLUE," at the last meeting... a young man of energy and talent, and with practice will make an excellent speaker...

ATTENTION CO. "F." All Soldiers of Co. "F" 87th Indiana Volunteers, that can, are requested to meet at the Public Square, in Rochester, Ind., on the 4th day of July, 1868, at 1 o'clock P.M. for the purpose of having a GROUP PICTURE taken of all the boys of Co. "F" ...Mr. GOULD will furnish photographs of the group to all that will want them, for 75 cents apiece ...

MR. EDITOR: Your last week's issue contained an article, headed "To the public," which was written for my special benefit, and to which I wish to reply.

In March last I purchased of A. D. HOPPE a lot of old jewelry and worthless traps, for which he received almost twice their worth. At the time of sale I was informed by Mr. Hoppe that he intended embarking in the grocery and provision business, and acting upon this statement I agreed to make good all warrants coming under the rules of the trade, which agreement I have carried out in good faith.

I cannot say as much for Mr. Hoppe. On the contrary he has started in business again, and seeks by the manner of his advertisement to which this refers, to reinstate himself in the good will of his former customers, by offering to complete his contracts with them by making good his warrants. For the manifestation of such generous impulses he will please accept my thanks. I shall place no obstacle in the way of A. D., and all parties holding his warrants are requested to test his generous offer by asking for repairs at his new shop.

Those holding no warrants, and persons holding warrants that are considered worthless (and I presume the larger portion are so held) will find me at home in Hoppe's old stand, ready to promptly attend to all business entrusted to my care. F. M. ASHTON.

We learn from Dr. W. T. CLELAND that a "violent wind and rain storm passed over Pleasant Grove, Fulton County, and surrounding vicinity, last Thursday at about 11 o'clock A.M., prostrating fences, fruit trees and unroofing the German Reformed Church in our town. The track of the storm was from west to east and about six miles wide." LOGANSPORT PHAROS.

GOOD BRICK. Mr. GEORGE NORRIS, has just finished burning a brick kiln, a short distance South of this place that is pronounced to be good brick, and no mistake. We understand that Mr. JESSE SHIELDS, intends building his business block from that kiln. If Norris has found clay that will make good brick (and all say they are that have seen them) it is a big thing for Rochester...

ROCHESTER STANDARD - Thursday, July 2, 1868

OUR CANDIDATE FOR JOINT REPRESENTATIVE. The Joint Convention which met in Sevastopol on Saturday, unanimously nominated WILLIAM STURGEON, of Fulton County, for the office of Joint Representative ... Mr. Sturgeon is an old citizen of our County, having emigrated from Ohio and settled in Richland Township, in 1843.

As soon as he became eligible, he was elected Assessor and Trustee of that Township, and was selected as President of the Board of Trustees, which at that time consisted of three members. In 1854 he ran for the office of County Clerk on the Democratic ticket. His competitor was Mr. L. M. BOZARTH, who had held the office for fourteen years-- who had until that time, been a Democrat and very popular with his party; and who had given entire satisfaction by the faithfulness with which he had performed the duties of his office during the period of three terms. In this race Mr. Sturgeon was beaten by only thirty-one votes. In 1862 he was nominated by the Democracy, for the office of County Treasurer, and was elected by a majority of about two

hundred votes. In 1864 he was renominated and reelected to the same office by a very handsome majority. The promptness and fidelity with which he performed the duties of his office secured the esteem and good will of the citizens of our County, irrespective of party.

During his long residence among us, Mr. Sturgeon has been identified with every enterprise which looked toward the interest of the County and town in which he lived. It is to his untiring energy and perseverance that we are mainly indebted for our present prospect of a speedy completion of a Railroad through our County. To this enterprise he has devoted his time, labor and money to a greater extent, perhaps, than any other citizen of the County.

Mr. Sturgeon has always been noted for liberality and public spirit. Any project that would tend to promote the prosperity of the people was sure to meet with a hearty support and liberal pecuniary assistance from him. An instance of his liberality is shown in the fact, that during the way he made a handsome donation to each Township in the County, in order to aid them in procuring volunteers, and thus avoid the impending draft..

A GOOD THING. At the last session of the County Commissioner's Court, it was ordered that the Court House be repainted, with two coats of white paint upon all the wood work, inside and out, and the shutters to be painted green. it is a right move in a right direction, as the Court House is sadly in need of it. Mr. SIDNEY MOON, we believe has the contract for the painting of it and is already at work. It would be another great improvement if the brick work be painted red and then penciled... The next thing in the way of improvement should be a new fence around the building, as the one there is about "gone up and done for."

The books and papers, both private and public, with all their household goods were destroyed, and also a small amount of money. How it caught fire is not known, as the family was away from home at the time; probably from the stove as there was fire left in it. From the dwelling the granary caught fire, and nothing was saved from the two buildings, excepting a few articles of bed clothing which a neighbor girl succeeded in getting out of the window, the door being locked at the time. A small amount of wheat was gathered up after the fire subsided. It is a terrible loss to Esq. Wardlow, as he had no insurance. Every person that owns a farm, house and lot, or any thing that way, should by all means have them insured.

BOURBON BAND. On late Thursday, the 12th, the Bourbon Brass Band paid our town a visit, and also gave us some very fine music ... They were the guests of the Rochester Silver and Brass Bands. Come again boys.

DEPOT. The R.R. DEPOT is to be built on the south side of the Akron Road. That is, in our mind, a much better place than across the creek, as first proposed. in fact that is the proper place for it.

RAIL ROAD. The track-laying on the R.R. was completed to Rochester last Saturday at about 10 o'clock A.M., and on Monday, the first train came in from Plymouth, loaded with freight. When the track was completed to town a number of our citizens, on Saturday afternoon, sent two or three lager of Beer and some eatables over to the Road, and gave the hands a treat. Those track layers, were deserving of it, for they worked manfully to get the track laid to Rochester, as soon as possible. Everybody in town were, and are excited over the Road, and "Rochester has got a Railroad," or "Rochester Is a Railroad Town," "Have you been over to the Railroad," is heard on every corner. Nearly everybody in town visited the Road on Saturday, and not a few on Sunday. Go there when you would, you would see hundreds of people, walking up and down the track, every one elated over the Railroad. Rochester is now connected with the outer world, and we can now get the news before it is old and stale, as heretofore, we can also go to Plymouth, without jolting a fellow to pieces.

Regular passenger trains will commence to run about next Monday.

GOOD WALKS. We agree with the Spy of last week, concerning the building of a plank walk from Main Street to the Depot; for if not done now in the spring and fall of the year, it will be dreadful bad for pedestrians. This walk could be made without a very great expense, by planking as is done on Main Street. Let it be built at the expense of the Corporation, or any other way, so that it is built.

FOUND DEAD. Uncle BILLY YOUNG was found dead in his bed, at J. M. RANNELLS', last Monday morning. The evening before, he eat a hearty supper and went to bed in as good health as usual, he died sometime during the night. A man sleeping with him at the time, knew nothing of it until next morning. The cause of his death is not positively known, but is supposed to have been palpitation of the heart, to which he has for some time been subject. He was 72 years of age.

Any time will suit us.

THE FIRST. The first passenger coach on our Railroad, made its appearance in our town, last Sunday afternoon, and from the best of our knowledge, from two to three hundred persons were at the R.R. to welcome its arrival.

BOYS. After one or two of the boys of this town get killed, or some of their limbs broken, then the others will be more careful how they fool around the cars, at the Railroad. We see them climbing upon and off the cars while the train is in motion, dozens of them at a time, and it looks to us that there ought to be a stop put to it; some of them will get killed yet, sure ...

BUSINESS. Nearly every day last week, from two to three droves of hogs passed through town to the depot, to be shipped to the Eastern markets. Quite a large number of slaughtered hogs were also shipped by D. M. RANNELLS and others. That comes from having a Railroad. We see every day or so car loads of Walnut lumber leaving the depot for some Eastern market. The principal part of it is being shipped by COWGILL & BARRATT, who, it is said, had, before the Railroad was completed to this place, more Walnut lumber in this county than any other two men in the State.
