On Thursday of last week, Surveyor WALKER, assisted by A. W. HENDRICKS and E. HUNTER, surveyed the three ISLANDS in LAKE MANITOU, just east of this place. The islands are government land, and will soon be sold...

The facts concerning the insanity of Mr. SAMUEL WELLIVER, of this county, are, as we are told by those who are cognizant of the affair, about as follows: Some time ago Mr. Welliver sold to an Iowa man a piece of land on which there was a mortgage given by himself; he deeded the land to the Iowa man, subject to the aforesaid mortgage, the transaction being in every particular honestly conducted. By some means he became possessed of the idea that he had been swindled out of his land, and that he would be compelled to pay the mortgage, too. He has allowed his mind to dwell upon this thought until he has become perfectly crazy, and yesterday he came into town flourishing a club, and during the day attempted to assault several persons whom he wildly imagined to have injured. He was taken in charge by the proper officers.

A team belonging to Mr. TURNER ran away at Sturgeon, Friday of last week; the horses started from the station and we-re stopped near Mr. DAVIS' residence, the horses on one side of the fence and the wagon on the other.

ARGOS. A fire occurred at Argos, on Wednesday morning, which came near burning the entire town. The butcher shop of JOHN RHODES caught fire, from some unknown cause ... the distance between the butcher shop and the other building was only five feet, and it was only by the greater exertions that it was saved... The building belonged to JACOB HELSEL, and was not insured. - - - Marshall County Republican.

ROCHESTER SENTINEL - Saturday, February 4, 1871

CENSUS for Fulton Co. for 1860 was 9,422 and for 1870 it was 12,717; the population of Rochester was 1,526 in 1870.

LOCAL & MISCELLANEOUS. There were 101 marriage licenses issued in Fulton county in the year 1870.

Father WIGNIAN, of Peru, will preach in the CATHOLIC CHURCH tomorrow, at 10 oclock, precisely...

Auditor DAN AGNEW will start next week to Alabama, with the intention of spending a few weeks for pleasure and the improvement of his health.

The large men of this county seem to be dying off. A few days ago Mr. BARNES received an order for a coffin to be six feet and seven inches in length, and twenty-eight inches in breadth.

Mr. Barnes attended the funeral with his hearse, and was obliged to let the end of the coffin stick out at the back door.

DIED. One of the saddest accidents which it has been our duty to record, occurred a short distance from Monterey in this county, on last Thursday evening. FRANCES HOAK, wife of FRANK HOAK, in company with her sister, attended a spelling school in the neighborhood, and in going home both rode the same horse. After going some distance, the horse became frightened, and threw Mrs. Hoak off, one of her feet remaining fast in the stirrup, and in this condition she was dragged a half mile or more, and when the horse was finally stopped, her clothes were all torn off, her body and head was horribly mangled, and life extinct. The other lady remained on the horse, and was uninjured. No one can picture the horror of such a death.

MARRIAGE LICENSES issued during the month of June:

David H. BRANT and Emeline CARR, Leonidas YEAZEL and Geredis TEAL, Emi H. KENNEDY and Mary A. LOY, James WARE and Elizabeth ZABLE, Thomas R. JUDGE and Lucinda MICKY, Andrew LACKEY and Angeline GOSS, Samuel WOODWARD and Sarah LATSHAW, William T. EMMONS and Catharine WAGNER, John W. CLAREY and Lavina MARSH, Joseph H. DAY and Anna A. WEAVER.

JAMES S. WELLIVER, the insane man mentioned in this paper last week, was, on Thursday, taken to the insane asylum at Indianapolis by Sheriff MONTGOMERY. As near as we can learn the land transaction of which we spoke seems to be upper-most in his mind, although there are those who think his derangement was caused by an affair which transpired some time before the sale of his land. During his confinement he was quartered at one of our hotels, and every care and attention was shown the unfortunate man by those who had him in charge. Mr. Welliver is rather an aged man, his hair and beard being partly grey; he is tall, heavily built, seemingly quite stout, but now is very much worn down, and is very quiet and manageable.

In the January term of the Common Pleas Court the divorce of GREEN vs GREEN was granted and the lady received \$3,000 alimony. Five divorces were granted.

KILLED. Rev. THOMAS RAY was killed at Inwood 6 miles east of Plymouth on Tuesday, when he walked into an oncoming train. It appeared to be suicide as he was warned by a Mr. MORRIS, agent of the R.R. Mr. Ray was a minister of the Methodist Church, age about 60 years and had resided in the neighborhood about 5 years.

Services at the Lutheran Church tomorrow to be conducted by Rev. A. V. HOUSE, pastor German Reform Church.

PLYMOUTH (Ind.) NEWS. Rev. WARREN TAYLOR, for many years a resident of Marshall county, died at his residence in West township, last Wednesday night, at the age of about fifty years ... POLLY WAGGAMON brings suit against JOHN JOHNSON for bastardy, and MARGARET BIXLEY prosecutes Dr. WM. STANGE, of Bremen, for a violation of her person. Among those who seek to have the marital relation dissolved are SARAH DISHER vs STEPHEN DISHER, ELIZABETH PARISH vs JOHN PARISH, ELIZABETH SPENCER vs EDMUND SPENCER, AMANDA WOLF vs HIRAM WOLF, JENNY MILLER vs DANIEL MILLER, JANE HAAG vs DANIEL HAAG.

ROCHESTER SENTINEL - Saturday, February 11, 1871

Having one of the best machines in the country, I am fully prepared, in addition to the edge tool business, to gum, file, set or straighten drag or crosscut saws, and convert common toothed into whole or half patent.

Orders left at Mercer & Shepherd's Hardware Store, in Rochester, will receive prompt attention... W. A. HORTON, Millark, Ind., Feb. 7, 1871.

(Notice of Petition) ... vacating all that part of an alley in the new plat to the town of Rochester... lying and being situated between lots numbered 12 and 13, in said new plat... CHRISTOPHER F. HARTER, February 3, 1871.

(Application for License) ... to sell liquor... in Rochester the one story frame building situated on Main street ... FREDERICK KRATHWOHL. February It, 1871.

DIED. -Mrs. ALSPAUGH, whose husband died about four months ago, departed this life on Wednesday last.

-JOHN LAWRENCE, aged 76 years and two months, died in this place, on Monday last. The funeral services took place in the Baptist Church on the day following, and were attended by a large concourse of his neighbors and friends.

Lovers of law and order in Rochester are vigilant and spare none who offend; and friends of the temperance cause are not slow to enforce the laws against those who sell intoxicating drinks without license. During the past few days the following fines have been made: JONATHAN DAWSON, for selling to a minor, paid \$12.40; MAYER WILE, for selling less than a quart, was assessed \$12.65; MAYER WILE again violates the law, comes forward, pleads guilty, and escapes with a fine of only \$9.45; HENRY ANDERSON, for giving to a minor, was allowed to pass in \$7.70. The profit on their sales was probably not very large.

The smallest shoemaker in the state is now at work for Mr. V. ZIMMERMAN, first door north of FROMM & ROBBINS. He is a rare curiosity.

There will be regular services at the Baptist church, hereafter, at usual hours, Elder A. L. SEWARD, pastor.

The Methodist social will be held at the residence of A. C. SHEPHERD...

The largest steer for its age that we know of is one which W. E. RICHARDSON recently sold to a cattle buyer in this county... eleven months old... four hundred and eighty pounds.

DIED. Mrs. JENNIE WORDEN, wife of HARRY WORDEN and daughter of HARDY PARKER, Esq., died in this place last Sunday. She was an estimable lady, possessed of an unusual flow of spirits, and the picture of health up to within a few minutes of her death. She was married about 14 months ago, when herself and companion doubtless looked forward to a long and happy career. Her age was about 23 years. Cut off in the bloom of youth, her loss is keenly felt by a large circle of friends and relatives. - SPY.

The necktie social, hold at the residence of WM. STURGEON, last Tuesday evening, was one of the most pleasant occasions of the winter ... The party was gotten up ... by Miss MATTIE TRIMBLE and Miss SADIE PATTINSON. It seems the ties were brought by the young ladies and purchased by the men. The proceeds went to the Sunday School.

WINAMAC ... JOHN ELLIS and MAY DANIELS, of Beaver township were arrested and tried at the common pleas court, upon the charge of living in open adultery. John is about 30 years of age, and has but one leg. MARY is aged about 40, and has several small children; she draws a yearly pension as the widow of a man who died in the service; the jury assessed a fine of one cent and 24 hours in the county jail. Cheap enough!

CHURCH DIRECTORY.

THOS. C. STRINGER, pastor ... C. J. STRADLEY, Supt ...

On Thursday last, Mr. GEORGE MORLEY brought to market a dressed pig which weighed 503 pounds; the price on that day being \$7.80 per cwt, he received over \$39 for his one pig.

FIRE. About 5 o'clock on Friday morning of last week, the main building of the Howe sewing machine manufactory was discovered to be on fire. Every effort was made to quench the fire, but in vain, and the citizens turned their attention to removing machinery, tools, etc., thus saving much that was valuable. While a number of persons were in the building, the roof fell in, fastening in two persons, E. P. LOVELAND and JOHN H. CUMMINGS. Mr. Loveland was, we understand, a cousin to the Lovelands of Rochester. The Peru Sentinel says- "Mr. Loveland was well known to all in this community. He was a prominent lawyer at the Peru bar, for many years, and had retired from practice living upon his farm adjoining the city. He was a man of means and influence, beloved by all who knew him, and leaves a wife, and a large interesting family to mourn his loss, who have the deepest sympathy of the entire community. His funeral took place from the court house, and was the largest known in this city." Mr. Cummings is spoken of as an industrious and respectable young man, who leaves a wife and three children; he was buried by the Good Templars, of which organization he was a member. The loss to the company is estimated at about \$45,000, upon which there is an insurance of \$20,000. The company already has a large force at work and with a few weeks of fair weather will have the machinery all in running order.

At this time, George, being solicited to save the honor of the trusting fair one, and having some repugnance to such a course, packed up his trunk and started west, but by some means he was overhauled by the injured Mary and placed under arrest, thereupon he made a virtue of necessity, and made a virtuous woman of Mary Martin by marrying her, and thus becoming the father of his own child. ROCHESTER SENTINEL - Saturday, March 11, 1871

DIED. We learned, at a late hour last night, that old Mrs. KEELIN, well known to many of our citizens, was in a starving condition, and could not live until this morning. ... she left home eight days ago, to go to Donelson, five miles west on the Pittsburgh, Ft. Wayne and Chicago

railway, and her continued absence did not create any anxiety. Night before last, the dog which always accompanied her wherever she went, came home in such an emaciated condition that the apprehensions of her friends were at once aroused, and a messenger was immediately dispatched to Donelson to look after her. Arriving, it was learned that she had not been there. Search was then made ... and during the day she was found in the woods north-west of town -- near the deep sand cut in the Laporte railway -- in a helpless, unconscious condition.... She was brought home, and Dr. REYNOLDS called, but she was too far gone for recovery, and died last night Plymouth Democrat.

On Thursday last, Rev. J. W. CRANE of Kewanna, the Spy's correspondent, gave us a call. During the few moments he was with us we learned that he had worked at the printing business for six years before he became a servant of the Lord, that he has been a newspaper correspondent for lo! these many years. He gets up an excellent letter, and we regret that The Sentinel has not an equally good correspondent from his locality.

PLYMOUTH. ... Several days ago a rumor was current that WILLIE LEONARD, a son of JOSEPH LEONARD, of this place, was drowned in the Mississippi river. We had no particulars concerning the sad event until yesterday, when JOHN LEONARD, a brother of the deceased called upon us and made a statement of the circumstances. Willie was stopping at Lake Providence, Louisiana, at which point the river is about two miles wide. On the 19th of February,

a man named BENTZ had crossed the river twice in an oar boat, and wanted Leonard to accompany him on the third trip, which he did. When about half-way across, a sudden gale capsized the boat, when Leonard went down without an apparent struggle; the other man held to the boat a few moments and then disappeared. It was impossible for those on shore to render any assistance, until it was too late. John Leonard, who was then at New Orleans, came up the river a few days afterward, expecting his brother to accompany him north and received the first news of his brother's death when he went to his boarding house to meet him. The deceased was a very exemplary young man, and a member of the Presbyterian church of this place.

(Executor's Notice) JOHN W. BUTLER appointed Executor of the will of MINOR ALLEY, late of Fulton county, Indiana.

ROCHESTER SENTINEL - Saturday, April 1, 1871

DIED. (The following account of the death of HENRY S. BENSON, who was the first agent of the railroad at this place, is taken from the Plymouth Democrat, of this week.

A thrill of horror ran through our community last Saturday, when the contents of a telegram, received by Mr. A. HAWLEY, became known. The words of the dispatch were few, but conveyed the startling intelligence that Henry S. Benson, well known to all our citizens, was run over by a train on the Union Pacific railroad, at Ogden, Utah territory, last Friday morning, and instantly killed, and that his remains would be forwarded to his family at Plymouth, by first train. No pen can attempt to depict the anguish of the young wife, whose sympathies were strong, health poor, and an infant to care for, which the father had never seen. Let a veil be drawn over that family circle during the long weary hours spent in watching and waiting for the arrival of the remains.

Mr. Benson was formerly from Boston; had lived in this town about four years; about two years ago was married to JENNIE, daughter of A. HAWLEY.

His wife was staying at her father's house until her health improved sufficiently to make the trip to Ogden where Henry held a situation on the railroad. He was a young man of good intellect, and superior business qualifications.

The remains arrived yesterday morning via Laporte, and contrary to the fears of many, they were in a remarkable fine state of preservation, being encased in a splendid metallic coffin. Funeral services were held at 2 o'clock in the afternoon, and were conducted by Rev. L. C. BUKLES, at the Methodist Church. The burial service was under the supervision of the Masonic fraternity, of which the deceased was a member. The Plymouth cornet band were also in attendance.

Mr. Nichols, for some time past, has been unpleasantly situated, being compelled to carry on the business of his office with an opium-eater and rum-drinker for a partner who is as ignorant as he is filthy; had the Republicans of Marshall county been possessed of ordinary sagacity, PHILLIPS would have been treated as he deserved and Mr. Nichols would not have retired to avoid associating with one who is far from a gentleman.

Rev. Mr. LEMON, of the Christian church, preached in this place last Wednesday evening.

SHOOTING. A most disgraceful row took place in Rochester, last Sunday night, the particulars of which seem to be as follows: On Thursday of last week, a man named BREWER moved from Walnut to this place with his daughter and another relative for the purpose of carrying on a house of ill fame; on the following Sunday night some persons attempted to enter the house,

but were kept out by the proprietor, who told them they were drunk and had no business in his house; not satisfied with this sort of treatment these persons began throwing stones at the house, when the old man shot at them. Thereupon the ladies (?) in the house began to scream, and the noise of the shooting, stoning and screaming, at the hour of eleven o'clock, awakened a number of persons, among them a Mr. WM. HEFFLEY, who all rushed over to the locality of the disturbance, supposing that a murder or robbery had been committed. For some reason, without any apparent provocation, some persons attacked and severely beat Mr. Heffley on the head with a stone -- whoever it was doubtless supposing him to be one who had been doing the shooting. The wounded man was taken to the office of Dr. BROWN, who dressed the wound; on Monday last ANDY EDWARDS and GEO. W. FREEMAN were arrested by the town of Rochester upon the affidavit of WM. HEFFLEY, charging a violation of the peace and charging Freeman with assault and battery. The two men, Edwards and Freeman, were given separate trials before Esquire REESE on change of venue from Esquire HERMAN with BROWN and HERMAN for the prosecution, and STURGEON, SLICK and CALKINS for the defense, trials by jury. In each case the jury rendered a verdict of ten dollars fine and costs, against each of the defendants. In the trial of GEO. W. FREEMAN, which took place last Wednesday, witnesses for the defense testified that Freeman did not assault or strike Heffley, that Freeman was in no way connected with the affair at the house, that he was there only as a spectator, and that the witnesses knew who did hit Heffley; still as there was no "reasonable doubt" raised in the mind of the jury they found a verdict as above stated.

IMPROVEMENTS. A number of palatial residences are to be built in this place during the coming summer. We notice that Mr. A. T. BITTERS has already laid the foundation to his brick, and we are of the opinion that he will soon have a pleasant home. Mr. HOOVER is making arrangements to erect a large, handsome and expensive brick residence. MERCER & SHEPHERD are building a mammoth brick store room, on the corner lately occupied by their frame building. Mr. BARNES is adding a brick kitchen to his residence, and others are making like improvements.

Our garden is finally made; not, however, by that untruthful raker and hoer who so long deceived us, but by Mr. GATES, aged seventy-one years; a man who neither chews nor smokes, nor swears, nor drinks tea, coffee, cider or anything that will intoxicate; whose health and strength are excellent, and will do more work, and feel happier for it, than any young simpleton who spends his time and money in a cigar store and whisky saloon, or with lewd women. Our thanks are tendered Mr. Gates for the very artistic and thoroughly workmanlike manner in which our garden was made.

LOGANSPOUT. From The Journal. On Friday night, of last week, as Mr. SCHLATER sat in his store room he was murdered by some unknown person or persons ... On Wednesday afternoon the body of a man was found in the canal near the four mile lock. The body was identified as that of PETER KELLEY, an Irishman well known in this city. Kelley was an habitual drunkard, and as he was seen in that neighborhood a few days before, in a state of beastly intoxication, it is supposed that he fell in the canal and was drowned. There were no marks of violence on his person. His death is another sermon on temperance. Some years ago he was an industrious citizen, but his appetite for liquor grew on him to such an extent that he has been for months a graceless vagabond, but was never without a friend to give him a drink of liquor. He was buried on Thursday.

PERU. On Sunday 16th, a little four year old daughter of W. H. FORNASH was killed by a sawlog rolling over her body from feet to head, crushing the life out instantly without breaking the skin. Four other children of Mr. Fornash, together with neighboring children, were sitting on the log, which lay on the bank of a dry branch, when it rolled down hill, catching this little one. All the others escaped without injury, except one girl 11 years of age, whose leg was considerably hurt. The father and mother were away from home attending a funeral, when the sad accident occurred only three hundred yards from their house.

PLYMOUTH. ... On Wednesday evening of last week, a sprightly woman, with a child in her arms, came in on the o'clock [?] train from the west, stopped at the Parker House, and in the morning after breakfast... She took the child, with a small bundle of clothing, and proceeded to call on (J. R.) CMIERON... She rushed into the room, threw the child and the bundle of clothing down on the counter remarking: "There's your child; I have kept it as long as I can, and now you can keep it awhile,"... The wife says that Cameron left her in Logansport, over a year ago, promising to send for her and the child as soon as he got settled in business, but that he failed to even write to her, or send her any money, and that she applied for... divorce. We believe Cameron's statement of the case is that lie is already divorced from her... - Plymouth Democrat.

RUNAWAY. A runaway last Monday morning resulted quite seriously. Mrs. BYBEE, with her little son, came to town for the purpose of having some repairs made on her buggy which had sustained some damages from a runaway some time ago. While driving past a livery stable, a buggy was run out into the street; this frightened Mrs. Bybee's horse, and it ran against another buggy, throwing Mrs. Bybee and her boy out into the road. The boy fell directly under a team attached to a two-horse wagon, and this team becoming frightened, dragged the heavy wagon over him, injuring him quite severely about the head, shoulders and chest. Mrs. Bybee received several cuts and bruises, one on the forehead and another on the neck. The mother and her little son were at once taken to Mr. BALL'S residence, where they were kindly cared for, and it is thought that a week's time will bring about their recovery.

He was driving along, talking to a gentleman by his side, when the team, affrighted at a load of barrels, spilled them out. It takes several dollars to get a new tongue, for the buggy, and otherwise repair it.

RUNAWAY. DEL. WARD, a livery man of Rochester, met with a serious misfortune last Monday, by reason of his team running away. About six miles south of South Bend, Ward got off to walk a while, leaving a woman and boy on the seat, the boy driving. The road being rough, Ward had got some distance ahead, when a team behind attempted to go round his team, causing them to start off at a rapid rate. Coming up to him, he attempted to stop them and caught hold of the bridle bit of the near horse, but was unable to check their speed, being thrown violently against a fence, by which he received severe injuries. The team got loose from the buggy by tearing it to pieces. The woman and boy were also injured. One of the horses received such a severe cut in the right hind leg that its usefulness is probably at an end. Mr. Ward was able to go home on the train on Monday night, leaving the wreck in charge of Mr. MONTGOMERY, of this place. -Plymouth Democrat.

A suit for assault and battery was tried yesterday before Esquire OSBORNE, growing out of an attempt made by H. A. WORK, deputy tax collector, to collect a tax from THOMAS FIFE, one of our heavy tax-payers. It appears that Mr. Fife refused to pay the railroad tax, not deeming it

just, and when the deputy gave him such a notice as is being sent to all delinquents, that if he did not pay, his property would be levied upon and sold according to law, he coolly remarked that whoever came to take his property for that purpose, had better bring his shroud with him, as he would need it. Accordingly, Monday evening, Mr. Work, accompanied by M. W. DOWNEY, the treasurer, proceeded to the residence of Mr. Fife in south Plymouth... ordered off the premises ... Work was pushed off the portico... He was arrested... but the prosecution... nolle prosequit the suit... - Plymouth Democrat.

DIED. Tuesday, August 29th, 1871, at the residence of WM. STURGEON, in Rochester, WILLIAM STARK, aged 67 years and 6 months.

The deceased was born in the southern part of this state February 4, 1804, and about 30 years ago lived in Marshall county, and ten years afterward moved into this county, living near Lake Manitou; he afterward moved to Illinois, and about six years ago returned to this place. Wherever he lived he had hosts of friends. For more than forty years he had been an active and zealous member of the Baptist church, and was known to be a liberal, honest and prudent man. He lived to a good old age, having done much good in the world, and wronged no man. He leaves a wife, three years older than himself, besides several grown up children, to mourn his departure.

business man and a citizen, and leaves many warm and personal friends. His family have the sympathy of the entire community.

Miss SHEPHERD, a Rochester artist, has had on exhibition at Brown's Book Store, for several days, a very nice painting. It is to be, or has been, disposed of by lottery.

AL. WARD, a well known resident of this place, is reported to have been playing sharp tricks on some of his old neighbors. Last week he induced R. N. RANNELLS, WM. WALLACE, Jr., and another party to entrust him with three horses to sell at Logansport. Time ran on and nothing was heard from Ward till last Friday, when a letter was received from him charging all parties not to be uneasy, as he would be back next day and account for the property entrusted to him. He did not make his appearance the next day nor the day after, and, on Tuesday, Rannells and Wallace started to Logansport. They have not yet returned, but word has reached here that Ward, after selling the horses at low prices, started West on the same day the letter alluded to above was written. It is doubtful whether any of them can be recovered, except the Wallace horse, and that only on the ground that the person who entrusted it to Ward was a minor and did not obtain his father's consent.

Ward has two brothers living here, both of whom appear very much grieved at his conduct. But surely no blame can attach to them, as they were not parties to the transaction, and are known to be honest men.

ROCHESTER UNION SPY - Friday, June 23, 1871

THE SOCIAL EVIL. Is it not time that our citizens should be adopting some means for the suppression of the "SOCIAL EVIL," which has attained unwonted growth in this community within the last twelve months. The subject is not, ordinarily, a proper one for newspaper discussion, but the evil has attained such alarming proportions under the say nothing policy, that it would seem to be time to speak out. Already Rochester is notorious as a city of refuge for fallen women, who come here to escape the rigors of the law threatened in other places. Finding our authorities asleep, they make little concealment of their vocation, parading the streets as in cities. The young men of the place are becoming demoralized, and it is hinted, that not a few married men are the patrons of these soiled doves. Loathsome disease is being propagated, and more hideous moral deformity is already apparent in the ranks of the male members of this community. How long will it be until the infection spreads to the female inmates of respectable houses? ...

Deceased was in town last Friday or Saturday, but when ready to start home could not find his wife. The pair had lived unhappily together for some time, and had parted on several occasions. They had recently quarrelled, and the wife seized the opportunity to leave him when they came to town. Mulholland returned home distracted, and after brooding over his troubles for three days, took the fatal dose. He was rich and childless.

A row occurred at Gast's saloon the other day, in which the proprietor was badly damaged about the face and eyes, and got his collar-bone broken. FIN. EMMONS was his antagonist.

The pair came to Indiana and settled in Fulton County in the year 1837. The deceased witnessed and endured all the struggles and privations of pioneer life, and lived to rear most of her family to manhood and womanhood. She was distinguished for wifely devotion and motherly tenderness, and her demise is universally regretted by a large circle of friends, neighbors and relatives.

TERRIBLE ACCIDENT. We learn that on Saturday last the son of NOAH SHIREMAN, a lad about fourteen years old, met with a terrible and probably fatal accident at the RUGH SAW MILL, in Henry Township. His father was employed in the mill, and at the time was repairing a belt attached to the engine pump, and the boy was holding it for him to stitch. While thus engaged the lad's sleeve was caught by another belt, and before aid could reach him, he was drawn toward the main shaft, around which he was whirled thirty-five times before the machinery could be stopped. When rescued, it was found that the boy had suffered the fracture of both thighs, the bones of which were also mashed. One arm was broken below the elbow and crushed to the shoulder. He was otherwise much hurt, and, if he recovers, will be a hopeless cripple. The attending physician, Dr. SUTTON, of Akron, told us yesterday that he had hopes that the boy would live.

MARRIED. Last evening Mr. WILHELM BLUHM and Mrs. MARY HALE were united in marriage... Bluhm... known as "the lame tailor." He is about 30 years of age... The bride enjoys the advantage of ripe experience in life and matrimonial ups and downs, her age being 67, and Bluhm being her third husband... we will heartily entertain the wish that the bride may long continue to Bluhm in our midst, and that the groom may grow Hale with advancing years.

SHOCKING ACCIDENT. Last Tuesday, in the forenoon, QUIMBY, son of MOORE RALSTIN, met with a painful and shocking accident on the farm of JOSEPH JACKSON, in Richland Township. He was working in a meadow, which was being mown with a machine, when the driver, a Mr. MILLER, was attacked by bumble bees... Miller called Ralstin to hold the team... Ralstin complied... Miller, having rid himself, returned to work. Ralstin stopped, as he thought, out of the way of the knives... the knives struck him two blows in rapid succession near the left ankle. The first cut through the smaller and two-thirds through the larger bone; the second struck about a half inch lower, through the smaller and slightly into the larger bone ... He was conveyed to the house, a half mile distance, and on the way lost much blood.. Dr. HILL hastened to the scene and dressed the wound. A wedge-shaped fragment of the smaller bone was removed, just above the ankle joint... A council of physicians have decided that amputation will not be necessary.

Messrs. WHITTENBERGERS' warehouse team ran away last Saturday, breaking a leg for the driver, Mr. GIBNEY, and a leg for one of the horses. The horse was knocked in the head Monday morning by DUTCH HONAS. He did not do a very good job of it. (Peru Small Talk)

ADJACENT FIRES. The farms and prairies on nearly all sides of Rochester were swept over by fire within the last ten days. Many tons of hay, miles of fences, and some stock have been burned. ... Grave fears were entertained Monday that the fires would reach Rochester, where everything was as dry as tinder... A meeting was held in the Court House to take measures to stamp out the first appearance of fire, and patrols were formed, who paraded the street all night until driven in by the rain. The Trustees were requested to cause additional wells to be dug wherever needed, and to appoint fire wardens to examine flues, etc One-third of the flues in Rochester ought to be condemned and rebuilt before cold weather sets in.

Three fugitives from the Chicago fire, our wife's parents and sister, arrived here yesterday.

JOAQUIN MILLER.

A Description of the "Sunset Poet" as He Appeared in New York

... Not much above the medium height is he; slight, pale, stooping, and with a timidity in his very step which is almost painful. His voice is thin, low, and slightly hesitating, and suggests a tendency to consumption. His head is handsome, and his sunny hair grows long down upon his broad forehead. His whiskers and moustache are lighter and flossier even than his hair, and partly conceal a very sensitive mouth. His eyes are violet in shade and sad in expression. He speaks little, and smiles seldom; but when he does either the effect is charming. He dresses very quietly, though slightly in the Pacific style. His suit was black, or very dark plain cloth, and neat, but not without the evidences of wear. His shirt was a delicate hair-line of blue and white, and his artistic love of color was manifest only by his scarlet necktie. His hat, poet-like, was sombrero.

He is probably the most unpretending man that ever turned the heads of poet lovers ... He looks like a man who was familiar with sorrow, but who was too proud to cry out in his suffering, except now and then in a rhythmical wail, which brought responsive tears from all who listened...

HOTEL BURNED. Monday afternoon last the HOTEL BUILDING AT FULTON, this county, caught fire and was burned to the ground... supposed to have originated from the stove pipe in the second story. Most all the furniture and the stock of liquors was saved. Aitken's store was saved with wet blankets... The hotel stables were saved, as was also the mill stable, which was on fire at one time. The entire village was threatened for awhile. The building burned was an old but substantial frame ... It had been occupied for some months by a German, against whom several indictments are pending and sundry violations of the liquor law are alleged.... The property was in court, and a mortgage thereon is awaiting foreclosure. It was not considered remunerative, as the hotel business has suffered with decreasing travel on the Michigan road since our rail road was completed.

A man named SELBY was severely beaten by a number of railroad laborers, in this place, last Friday evening... was going toward the depot with an intoxicated companion, when, overtaking some Germans, the latter commenced mocking them. ... Selby was perfectly sober, and had no hand in kicking up the fuss...

TWO SAFES BROKEN OPEN AND ROBBED. Sunday morning last, about 9 o'clock the discovery was made that the safes in the stores of J. DAWSON and A. K. PLANK, both druggists, had been broken open and robbed of their valuable contents. These establishments are contiguous, both being in the MAMMOTH BUILDING, and only separated by a narrow hall leading to the Good Templars' lodge room... On the north, next door to Dawson's, in the second story, is the residence of Mr. JOSEPH WIDNER, but they heard nothing to arouse suspicion...

The depot building at this place is a disgrace to the name and a libel to our town. More business is transacted with the road at this station than at any other between Laporte and Indianapolis, and yet the company maintains here for an office and passenger house a cold, comfortless unsightly shed, which has the general appearance of a cow stable...

ROCHESTER UNION-SPY - Friday, November 24, 1871

Elder J. BISHOP has been recalled by the Ebenezer Baptist Church, of this county.

DIED. -Mr. PETER SANDS, one of the oldest residents of this county, died at his home in Newcastle Township, Thursday evening last, aged 63 years.

-On the 22d instant, of typhoid fever, in Richland Township, JOHN MILLER, son of ABRAHAM MILLER, aged about 17 years.

-Nov. 18th, 1871, in Rochester, SARAH L. WIRT, aged 20 years, daughter of GEORGE and ALMA WIRT, and step-daughter of J. W. FRENCH, of this place.

-WILSON CHERRY, aged about 35 years, son of GEN. G. P. CHERRY, of Plymouth, died in this place last Saturday. The deceased never held official station, nor was he possessed of much worldly goods, yet was he highly esteemed by a large circle of friends and acquaintances. The disease to which he succumbed fastened on his lungs while he was in the service of his country, in the Twenty-Ninth Regiment of Indiana Volunteers. He was a brave and trusted soldier, a sober and honest citizen, a kind husband and an indulgent father. He leaves a small family in straitened circumstances.

-JAMES BENJAMIN, Esq., aged 73 years and 22 days, died suddenly at the residence of the editor of the Spy, last Sunday evening.

Deceased was born in Bredport, Vermont, Oct. 29, 1798. His parents removed to Western New York in 1815, where they experienced the hardships of pioneer life with unusual severity. In 1823, at Troopsville, Cayuga Co., he was made a Mason, and his veneration and love for that order endured till the day of his death... He was married in 1824, and was the father of eight children, five of whom have preceded him in the spirit land. The wife of his youth, and two daughters and a son, survive. He became a resident of Chicago in 1860, where he is favorably known among his fellow craftsmen and the companions of his toils. His household effects were consumed in the great Chicago fire, and he sought a temporary residence here in the family of his daughter, Mrs. ANNIE MATTINGLY. His disease was congestion of the stomach, accompanied with apoplectic symptoms ...

His remains were taken in charge by the noble brotherhood of which he was a member, and were followed to the grave by them and a large concourse of citizens. The funeral services were beautiful and impressive and seemed to take away much of the sting of affliction. Rev. W. PATTINSON, of the Presbyterian Church, pronounced the last rites... He was assisted by Rev. Mr. COOK of the Rochester M.E. Church, and Rev. W. R. MIKELS, Presiding Elder of the Valparaiso District. The venerable Elder ADRIAN FOOTE, of the Baptist church also occupied a seat in the pulpit. The remains were deposited in the Odd Fellows' Cemetery, with the impressive burial services of the order of Free and Accepted Masons.

MARRIED. Nov. 23, at the M.E. Parsonage, in Rochester, by Rev. P. S. COOK, Mr. WILLIAM ROUCH and Miss REBECCA WILDEMOUTH, both of this county.

HARRY WORDEN is visiting in Wisconsin ...

As most of our readers know, Uncle BILLY MOORE has sold his personal effects (his farm having been previously purchased by the county), and will soon set sail for the southwest. Uncle Billy is one of the pioneers of this region, and has always borne an enviable reputation for honesty and integrity. Though somewhat advanced in years, and presumably not able to take a very active part in business, he is yet one of those men who may be considered valuable additions to any community. His future address will be California, Missouri.

We are occasionally permitted a fleeting glance at the countenance of Mr. J. R. PARMALEE, formerly an attorney at our local bar, who is now traveling for an Indianapolis drug firm. J. Day before yesterday we received a call from Mr. C. STUDEBAKER, President of the well-known STUDEBAKER MANUFACTURING CO., of South Bond. From this gentleman, who proved to be a most agreeable visitor, we gathered some particulars ... The Studebakers are emphatically self-made men... ROCHESTER UNION-SPY - Friday, December 15, 1871

The funeral of Mrs. PLANK took place at the M.E. Church last Sabbath forenoon, and was largely attended. ... Previous to her late illness she was the head of an extensive millinery establishment in this place, for which she did the buying and selling. She was a long-time resident of this county, and was widely known throughout its borders. Perhaps no other lady in town enjoyed such a large acquaintanship. In her death the community loses one of its most active and valuable citizens, and her family a fond wife and tender mother.

THE BOOK TRADE IN ROCHESTER... The principal center of this trade is known as KIRTLAND's BOOK STORE ...

Mr. ELIAS KIRTLAND, the senior member of the firm of Kirtland & Co., came to this place in 1865, and shortly afterward embarked in the Book and Stationery trade Now hundreds of weeklies and dailies are distributed through this channel ...

Previous to removing here, Mr. Kirtland ran through a chequered but honorable career. He was born near Mount Sidney, Ohio, Aug 8, 1835, and is consequently now in the full vigor of manhood... At the age of 18 he began the study of the law, but his active nature would not permit him to give his whole attention to the profession. In '55 he emigrated with his father to Cass Co., Ind., and spent the next few years in the school room, performing the arduous duties of a successful teacher. Was married in 1860 to Miss ELIZABETH FERGUSON... From '63 to '65, he ran the FULTON MILLS, at Fulton, in this county. We have neglected to state that his first experience in trade was gained at Logansport, in the grocery business, while a member of the firm of GEROLEMAN, DEMOSS & KIRTLAND. Since taking up his residence in Rochester, Mr. K. has been honored by being elected a Justice of the Peace... during his term he brushed up his legal knowledge and entered into a law partnership with Mr. E. Mrs. LETTY PUTNAM, a charming young woman of twenty summers apparently, has furnished food for gossip to the idlers about town this week. Though young and pretty, Letty found that the matrimonial yoke galled her delicate shoulders, and she resolved recently to abandon her rightful lord and master. But, desiring to replenish her wardrobe, she concluded to use her late husband's credit to obtain some goods ... found no difficulty in obtaining such goods as she wanted at Feder & Silberberg's. The purchases were made last week, it would seem, and not until Saturday last, when Mr. PUTNAM came to town, was the real state of the case disclosed. Mr. P. declined payment, and the senior member of the firm above-named filed his affidavit against Letty for obtaining goods under false pretences. But, as the husband had not notified the public not to trust his wife, and the articles obtained being necessaries of life, the prosecution of course failed, or rather, was not pushed to trial Putnam is a wretch if he does not love Letty enough to forget the past and use her well in the future, and she is more or less than a woman if she can resist an honest attempt to heal the wounds inflicted by domestic strife.

IN MEMORIAM

In addition to the notice of the sudden death of Mrs. Mary E. McClung, published in the SPY of last week, it is due the memory of the deceased, the sorrowing bereaved family, their numerous friends, and the church, that we mention a few items touching her noble Christian character and eventful experience in life:

As stated before, Mrs. McClung was born in Rockbridge Co., Va... Oct 28, 1813, died May 11th. 1872. Feb. 13, 1834. she was married, and in 1835, removed with her husband to Indiana, locating at Knightstown. Since 1848 she has resided at Mt. Zion, near Rochester, Fulton County.

As a wife and mother she knew the brightness and the darkness of human life; also the trials and the pleasures of a new country and its advantages. Blessed in position, circumstances and earthly friendships many, conscious, too, of the sweetness and love of the gospel of Christ, nevertheless hers was a life deeply tainted with sorrow. Like the testing of fine gold in diversified heat, so was she tested and approved. Death often visited the family, removing loved ones, thus smiting the very nerve of her heart.

On Feb. 28th, 1838. her beloved daughter. CORDELIA, died. Next, the chief of her strength, her husband: then her son, RUFUS S., followed. But keen as these afflictions were, overwhelming as were these waters, there were others yet to be experienced of greater anguish and power. The death of her son JOHN, a Lieutenant of the Forty-Sixth Indiana Regiment, was the great grief of her life respecting the death of her children. Consecrated to his country's service and life, after going all through the war, in the last battle he was slain. also falling into the hands of the enemy. No tidings of her brave boy ever greeted her afterward. On southern soil, far from the graves of his kindred, he sleeps with other heroes whose deeds are matchless among the ages

Mrs. McClung's health had been failing for more than a year, and her last sickness was very brief -- only one short week

Out of a family of eight only three remain to mourn the loss of their best earthly friend -- mother. May these three young men and all the bereaved relatives be greatly comforted

TERRIBLE CALAMITY. As the citizens of this place had made preparatioois for celebrating the Fourth. the most terrible calamity befell one of our citizens that ever occurred in the history of Kewanna. The programme was that the day was to be opened by the firing of several guns. Accordinally SAMUEL ZUCK, LEW. MILLS and FRANK DAY were at their gun at an early hour. They fired the first shot at about 3 in the morning, and on reloading the gun went off prematurely, tearing the. hand of Mr. Zuck terribly, the ramrod also passing through the outside of his leg, making a fearful gash. He was immediately removed to his boarding place. ..there his hand was amputated.. but he died in two hours afterward. The death of young Zuck cast a terrible gloom over the entire assembly; even the drums appeared to have a dismal sound. Consequently the firing of the cannon was dispensed with and the programme entirely changed. Zuck was of the firm of ZUCK, STREET & CO. He was a good engineer and a No. I sawyer. He was a respected voting man of about 25 years of age. It will be with great difficulty that his station can be filled. His funeral will take place to-morrow at the M.E. Church. The celebration, however, went reluctantly on. The programme was as follows: (names mentioned) Rev. B. H. BEALL, J. M. McAFEE, Rev. LORD, Rev. JESSE SPARKS, J. LEITER, R. McKINZIE, J. FATAL ACCIDENT.

On Monday last BENJAMIN and WILLIAM DRUDGE. father and son, both residents of this county, were returning from Wabash, and when near the village of Roann, the old gentleman was thrown out of the wagon and killed. The accident was caused by fast driving. The unfortunate man's neck was broken. and death was instantaneous.

FRIGHTFUL DISASTER

On Monday morning last... the boiler of PAULEN's MILL, situate near the county line, in Franklin Township, Kosciusko County, exploded, killing one man outright. and wounding and scalding eight others...

The first object that met our gaze was the mutilated form of LYMAN WHITE. off-bearer, who was Iving on the porch at the house of LEVI DRUDGE. He was struck... just above the left eye, the blow knocking that organ out upon his cheek... His jaw-bone was also broken, and he was cut severely about the head. He is also badly scalded... During the operation of removing the injured eye, the patient displayed great fortitude, but his sufferings were beyond human endurance, and he struggled and groaned frightfully. Chloroform was at last administered. and the painful operation completed. White is the only one of the victims generally known in Rochester. He was a member of the 46th Ind Regt, and is described by one of his comrades as "brave, generous, rough, but kind." He may survive external injuries, but has, inhaled steam to such an extent as to render his death probable.

At the same house we found ORANGE GROVE. head sawyer, who had just commenced work on the mill that morning. His injuries were comparatively slight...

The next house visited stands near the site of the mill. Here we beheld the corpse of JOHN WILLIAMS, a man aged 60 years or more, who was killed instantly.. on a rude couch, in the middle of the same room, lay Mr. HOUSER, son-in-law of deceased, badly, perhaps fatally, wounded... In the corner of the same room lay another WILLIAMS, nephew of deceased... The poor fellow has since died. we learn.

The next and last house visited contained but one sufferer, a stalwart young man named WILLIAMS -- a son of the man who was killed. He was only scalded, but to a greater extent than any of the others... He cannot survive.

KEWANNA ITEMS

We are informed that S. ZELLERS said a male crept to his wife's bed one night lately, and that he was minus any clothing. Good for SAM.

SHOCKING ACCIDENT

Last Tuesday, in the southwest corner of Henry Township, DAVID MITCHELL and HARRY FEECE were engaged in hauling saw logs from the woods to the mill. They succeeded in loading one upon the wagon and Mr. Feece started to the mill with it, while Mr. Mitchell remained to cut out some undergrowth to afford easy access to the logs they proposed to haul. While thus engaged a large walnut limb fell upon him from the top of a tree under which he was working, crushing him to the earth and rendering him insensible. In this condition he was found by Mr. Feece upon his return from the mill, who immediately removed him to a neighboring house; and upon surgical examination, it was found that his shoulder was crushed, several ribs broken and an ankle dislocated and mangled. At last accounts he still survived, but little hope is entertained of his recovery. - SENTINEL, 27th.

COLE, three strolling vagabonds, who have been going around the country pretending to give sleight-of-hand performances, were arrested last Monday morning at the residence of Mr. BRUMBAUGH, where they had stopped for breakfast, on a charge of plundering the house of Mr. FROST, in the HAIMEBAUGH settlement, Newcastle Township. The property taken consisted of a coat and vest, a shot gun and two dresses. Mr. Frost and wife were away from home when the robbery was committed. The Grand Jury found an indictment against the accused yesterday morning, and they were tried before Judge SHRYOCK in the Circuit Court in the afternoon, the two men found guilty, and each sentenced to the Penitentiary for two years. The woman was set at liberty. The stolen property was valued at \$50.

The court records show that the above are the first representatives Fulton county ever sent to the State Prison, with one exception. When the county was first organized, we are informed, one man accidentally killed another in a fight. Though exonerated of all intent to kill by the verdict of the coroner's jury, the survivor insisted on a trial and was sent to the Penitentiary for two years. We will try to give a full history of the case next week. The principal actor yet retains the

distinction of being the only citizen of Fulton County ever sent to State's Prison, as the two men sentenced yesterday were non-residents.

ROCHESTER UNION SPY, Thursday, October 3, 1872

Mr. SAMUEL SIBERT of Rochester township, authorizes us to say that MILO R. SMITH frequently advised him to pay the sum of \$800 into the hands of DOC. SMITH to quiet the title to an 80-acre tract of land. That at the same time Milo R. Smith knew of the existence of a Court decree that settled the whole controversy in regard to said title, but concealed the existence of the same in order to induce Mr. Sibert to pay over the \$800 demanded by his partner. These facts will be sworn to if necessary. The transaction is one among many proofs that Milo was in partnership with DOC. SMITH in the land title business.

Mr. SAMUEL HEFFLEY authorizes us to state that MILO R. SMITH, while Recorder of Fulton County, repeatedly urged him to compromise a bogus claim arising out of a supposed defect in a land title, said claim being held by DOC. SMITH. Mr. Heffley is fully satisfied that Milo was to share in the profits of the transaction. whereby he (Heffley) was to be robbed of \$400.

Dr. C. L. WHITE died at his residence near Rochester, on Thursday evening last. Deceased was one of the best educated and most successful physicians in this region, and, but for one weakness, might have been wealthy, respected and honored. His fault was an overmastering appetite for strong drink which, as in thousands of instances, paralyzed his energies, dissipated his fortune and sent him to a premature grave. It was not, however, the immediate cause of his death. In every other respect, Dr. White was a high-minded gentleman, a humane and enlightened physician, and a kind and obliging neighbor. In remembrance of his virtues, let the grave close over a fault which was likewise a misfortune.

SUDDEN DEATH. - MOSES B. MATTINGLY. one of the founders of this paper, and elder brother of the present proprietor, came to his death last Friday in the manner detailed below. Deceased was known to many of our citizens and the news of his unexpected demise cast a shadow of gloom over the hearts of his friends in Rochester. He fell in the flower of manhood. at the early age of 33 years. He leaves a wife and one child, and a large circle of relatives and friends to mourn his loss.

Moses B. Mattingly had a record of which any man might be proud. He was a just as well an honest man, and these qualities secured him the respect of all with whom he came in contact. He was generous to a fault. and his social qualities made him a universal favorite. He enlisted as a private in the 20th Indiana at the outbreak of the war, and participated in all the important battles of McClellan's campaigns, but was transferred to the 57th Indiana as 1st Lieutenant in December, 1862. He was an ardent Republican and believed with his whole soul the sublime doctrines of that political creed.

At Aurora. his remains were taken in charge by the Knights of Pythias (of which order he was a member), who accompanied them to the cars in full uniform, headed by a band of music. At Plymouth, the body was tenderly cared for by the Masonic fraternity, who deposited it in the tomb with appropriate honors and ceremonies. He sleeps by the side of a sainted mother whose darling he was, and there, let us hope, his impatient spirit has found rest. ...

The following. from the Aurora (Ill.) Herald, gives the particulars concerning the death of Mr. Martingly, so far as known: "Mr. M. B. Mattingly, foreman of the Herald office, came to his death on yesterday (Friday) forenoon, 25th inst.. in a sudden and unexpected manner. He went to work as usual in the morning and stopped about ten o'clock, or a little after, saying, he 'did not feel well,' and left the office. As he had two epileptic fits during the past spring and summer, we felt some anxiety about him, and as he did not return as soon as might be expected, we sent a boy to look for him. The boy returned, and was again sent out. DUDLEY RANDALL, happening in at this time, we mentioned to him our anxiety, and he volunteered to go and look for him, which he did. A short time after, about half-past eleven, it was reported that a dead man was in the race. Going to the place indicated, we found Mr. Mattingly lying in the water, face downward, and completely dead. A deep gash was cut in his forehead, indicating that he had probably fallen in one of those epileptic fits, and struck his head on a sharp stone, and rolled into the water where he was drowned ...

At the recent county fair ... Gilman's Red Bird Plow took two first premiums -- one as the best plow for general purposes, and the other for executing the best specimen of plowing at the plowing match ...

BILLY BLASSER and Father SPARKS each have a horse they think can't get well. Mr. M. WALTERS, three miles east of town, lost a good horse last Sunday, while scores of others are sick.

The Kewanna DISPATCH is now being published tri-weekly, that is, once in three weeks. Reason: the proprietor is P. M. and the editor is running a tin shop -- very good reasons.

A few weeks ago E. B. BUCHANAN moved his store into ROBBINS' BUILDING, on the corner, where he is now doing a fair business.

CURTIS, HOLEMAN & EMMONS, dealers in live hogs, and FROMM & ELLIOTT and C. LANGSDORF, dealers in dressed hogs. The above-named are all citizens of this county, and men in whom the utmost confidence may be placed..

ROBBERY. - Messrs. NATHAN BYBEE, VAN COPLEN and OSKAR GROVE. three Fulton Couiit hog buvers, took a lot of stock to Chicago recently, upon which they realized large sums of money. All were paid off at the commission house with checks on the Union Stock Yard

National Bank, but arriving at the institution after banking hours, failed to realize the cash. As the checks were just as good as money at home, they concluded not to wait until morning, and, accordingly took the first train for Rochester. At the depot they noticed a couple of drunken men, but paid little attention to them. When the train stopped at the stock yards, the crowd rushed for the cars, and, on the platform, an attempt was made to pick the pockets of the Fulton County men. The rascals succeeded in getting possession of Mr. Bvbee's pocket-book, which contained the check on the Union National for nearly \$1,000, and a check on the First National of Rochester for above \$600, besides forty dollars in money. (payment was stopped on the checks) Mr. Bybee's loss, therefore, amounts to no more than the ready money he had with him. The pockets of his companions were torn by the thieves, but their money was not secured.

MARRIED. - GEORGE BEEBER and Miss ANNIE SHORES were married, on Thursday last, at the residence of the bride's mother, in Richland Township.

- Mr. DEO. HAUK, of Peru, and Miss LIBBIE WALLACE, daughter of the proprietor of the WALLACE HOUSE, were married in this place last evening ...

J. DAWSON is busily engaged in shifting his quarters to the new brick room which he has just completed ...

Only four patrons of the school visited it during the whole of last term... : Mr. J. DAWSON, Mrs. BUMSTED, Mrs. RYLAND and Mrs. E. P. COPELAND.

POLK McMAHON visited the rooms of a traveling physician, named Dr. W. H. GRAY, last Thursday afternoon, and the two disagreed so widely as to the diagnosis of the former's case that a question of veracity arose, and they became involved in a quarrel ... the fight caused much excitement on the street, which was intensified when McMahan resisted arrest. But the law finally triumphed, being vigorously executed by Marshal MYERS.

TROUBLE IN SCHOOL. At the ROCHESTER PUBLIC GRADED SCHOOL, in the forenoon, the Principal punished two children for telling untruths by pasting pieces of paper over their mouths. The mother of one of the children thus punished, having received a report of what was going on, visited the school and remonstrated with the Principal and removed the plaster from her child's mouth. Subsequently, she caused the Principal to be arrested for assault and battery, and the case was tried before Esq. ASHTON. Four lawyers were engaged in the trial, three for the prosecution and one for the defense. It appeared in evidence that the paper was attached with mucilage to the child's cheeks and under lip, but that it did not cause physical pain nor materially impede respiration. The Justice, therefore rendered a verdict of acquittal, and the decision seems to meet the general approval of the community. While it is confessed that this mode of punishment is novel, it cannot be called severe, cruel nor degrading, the child was very young - - only seven years old -- too young in fact to realize the nature of his offence or understand the consequences of disturbing the harmony of the school. ... Had the Principal been fined, the effect upon the school would have been most disastrous. Thereafter no rebelliously-inclined pupil would have felt obliged to obey the rules, and the usefulness of the school would have been at an end. ... Therefore, while the people will not and ought not to tolerate injustice on the part of the teacher toward the child of the humblest citizen, yet they will not countenance attacks, based on frivolous charges, against his authority as long as he uses a wise discretion in the modes of punishment adopted for the maintenance of order in the school.

As soon as the verdict of the Justice in the above cause became known, the father of the child, Mr. HILEMAN, made threats of personal violence against Mr. BRYAN, the Principal of the public school. The two met, on Saturday evening, near the residence of WM. STURGEON, Esq., when Hileman attacked Bryan, damaging his nasal organ slightly. For this offense, Hileman was arraigned before Esq. REES and fined \$25 -- the full extent of the law. An appeal was taken to the Common Pleas Court ...
