

Free Music @ The Library

The Fulton County Public Library offers many opportunities for patrons to download mp3 files for free using one a handful of services we offer here:

- Freegal
- Hoopla
- OverDrive
- LibraryBox

All of these are 100% FREE to you, as the Library has taken care of any money that is owed for their use. Each of them is different, and is set up in a different way, so this guide is to help you see what each has to offer, and what the limitations are for each, as well as how to access them.

All of these services can be accessed via links on the Library's website:
